## ITALIAN ARMY STEMS ADVANCE OF TEUTONS SLAVS IN WAR TO STAY, BUT BEG AID MUTINY, RIOT, ON GERMAN BATTLESHIPS

### STREET CAR EMPLOYEES ARE GIVEN INCREASE

Arbitration Board Grants 1200  
Platformmen of Traction Co.  
and Key Route Wage Raise

DEMAND IS ONLY  
PARTIALLY ALLOWED

New Scale Means More Money  
for All Men and Is Effective  
Dec. 1; Cost Co. \$140,000

After a prolonged deliberation which lasted into the small hours of this morning, the board of arbitration, which has been hearing testimony in the dispute between the platform men and officials of the San Francisco-Oakland Terminal Railway, reached a unanimous decision on a new schedule of wages which will become effective on December 1. The award agreed upon by Paul A. Sinsheimer, John S. Drum and George B. Kaufman makes a substantial increase in the rates of pay, amounting to an average raise from \$3.50 to \$4.40 a day, but it does not give the men the rates which they demanded from the company in a petition presented June 6.

The schedule will also become retroactive for practically six months as soon as the State Railroad Commission shall have reached a decision on the pending application of the company for an increase in passenger fares. Whether this decision is favorable or not, as soon as it is announced the platform men will receive an amount representing the difference between their wages and the new schedule for the period between June 17, 1917, and December 1.

**NEW SCALE ALLOWS  
TWELVE PER CENT RAISE**

The new wage schedule is approximately 12 per cent above the existing rate and will affect 1200 motormen, conductors and brakemen. The pay schedules of the company are divided into two divisions: Traction and Key; but the brakemen on the Key division receive the same rate as the motormen and conductors in the Traction division.

The Traction division men are now receiving pay under an eleven-year spread ranging from 30 cents to 40 cents an hour. They demanded a three-year spread from 40 cents to 45 cents. The Key division men are receiving 42 cents an hour, inasmuch as they are all three-year men, but they work under a three-year spread from 38 cents to 42 cents. They demanded a three-year spread from 50 cents to 55 cents. They will receive a three-year spread from 48 cents to 45 cents.

The award of the board is announced by Paul Sinsheimer, this morning as follows:

**CAREFUL INVESTIGATION  
OF ALL CONDITIONS MADE**

"This board conducted a series of hearings in Oakland, during which it made an exhaustive research into the working conditions of the men, living costs and financial affairs of the company. This award is based upon the abnormal condition prevailing at this time, which has caused a sharp rise in the cost of living, amounting to 20 to 30 per cent in clothing and 57 per cent in food.

"The scale under which the men on the Oakland Traction Company are now working provides for a ten-year spread, beginning at 30 cents an hour as a minimum and reaching 40 cents an hour as a maximum after ten years of service. Under the scale adopted by this board the spread ranges from 30 to 42 cents per hour, the maximum being attained in five years instead of ten.

"Motormen and conductors are at present paid on a sliding scale which ranges from \$3 to 42 cents per hour. As a matter of fact, however, the 102 men in this service receive 32 cents per hour. The new scale provides for a range from 42 to 45 cents an hour and automatically the full complement of men will be advanced from the 42-cent rate to the 45-cent rate.

"The ten-hour day prevails throughout the Traction and Key system. The exact schedule announced in the decision is as follows:

**FOR THE TRACTION COMPANY.**

First six months, 30 cents an hour; second six months, 32 cents an hour; first six months of second year, 34

### New Schedule of Wages For Carmen Fixed

An average raise in pay for the platform men of the San Francisco-Oakland Terminal Railway from \$3.50 a day to \$4.40 a day is the decision reached by the arbitration board and announced this morning. The new schedule as compared with present pay and with the demands made by the men is as follows:

Traction Div.	De. Rate	Arbi. Rate	Rate
First 6 mos.	30	40	30
Second 6 mos.	30	41	32
First 6 mos. 2d yr.	31	43	34
2d 6 mos. 2d yr.	31	43	36
Third year	32	45	38
Fourth year	33	45	40
Fifth year	34	45	42
Key Div.			
First year	38	51	43
Second year	40	53	44
Third year	42	55	45

### 11 Children Owe Lives to Brave Woman

Mrs. Alma Meyer, wife of John J. Meyer, a conductor living at 2005 Eighth avenue, and eleven children were trapped on the upper floor of a two-story house by a fire of mysterious origin which broke out shortly after midnight, and escaped being burned to death by a narrow margin.

The woman was alone in the house with the children at the time. Seven of the youngsters are her own and range in age from 4 to 15 years. Inez and Sally, Holland and Florence and George Albin, children of friends, have been living with her for some time and were also in the house.

All were awakened by the crackling of flames to find the main stairway from the second floor blocked by smoke. Mrs. Meyer screamed and neighbors rushed to her assistance but were unable to help her. The plucky woman quickly recovered her nerve and set about the task of saving the children's lives.

Some she led down from the roof of a projecting porch, with sheets. Others she carried down in her arms. Some she wrapped in blankets and pushed ahead of her out of the blazing building. One of her own children, Herman, died from a post on the porch and saved himself.

With the children all safe on the lawn, Mrs. Meyer suddenly remembered that her colic dog was locked in a room upstairs. She rushed back, braved the flames and finally effected the dog's rescue.

So quickly did the woman work that she had all the children out of the house before the fire department arrived. It took three fire companies finally to subdue the flames. The loss is estimated at \$1000.

Meyer was on the cars and did not know of the near-tragedy which almost wiped out his little family until he came home to find his place burned out.

### BOMB TARNOPOL

PETROGRAD, Nov. 2.—Russian airplanes have bombed Tarnopol successfully. It was announced today. Fires and explosions were observed. All the Russian airplanes returned safely.

LONDON, Nov. 2.—The British have improved their positions south and west of Passchendaele and southeast of Poelcapelle as the result of minor operations, the war office announced today.

### PROBE PROMISED

HELENA, Mont., Nov. 2.—An immediate investigation of the coal situation in Montana is promised in a telegram received by Governor Stewart from Federal Fuel Administrator W. J. Swindler, wired to Garfield that such an investigation might be made by the state fuel committee.

### NEVER ASKED HELP

LONDON, Nov. 2.—General Cadorna never expressed any doubt to Great Britain of his ability to meet expected attack and never requested help, J. L. MacPherson, parliamentary secretary for war, told the House of Commons today. His statement was in reply to a query as to why Britain had not aided Italy more.

### SLASHES FACES

NEW YORK, Nov. 2.—A "Jack the Ripper" today slashed the faces of three girls on the corner of Broadway and Maiden Lane—one of the busiest sections in Lower Manhattan. The streets were jammed with the screaming crowds and the screaming of the girls created a near-panic.

### WIN IN PALESTINE

LONDON, Nov. 2.—British forces in Palestine are approaching closer to Jerusalem. Today's official report says they were "holding a position north of and covering Beersheba."

Beersheba is forty miles south of Jerusalem.

### TELEPHONE ADMIRAL ON STRIKE ON KRONPRINZ COAST SET IS THROWN FOR 4 P. M. OVERBOARD

Unless the Company Agrees to  
Recognize Union Operators  
Will Walk Out This Afternoon

GOVERNMENT LIKELY  
TO KEEP LINES OPEN

It Is Certain That the Officials  
of System Will Refuse Terms  
Outlined by U. S. Mediator

The long-threatened telephone strike was scheduled to be called at 4 o'clock this afternoon unless before that time the telephone company agrees to recognize the union of telephone operators.

Such is the ultimatum today of the labor leaders who are conducting negotiations.

There is, however, what is considered a strong probability that the government, through its mediator, Vernon Z. Reed, may step in and make charge of the entire system of the Pacific Telephone and Telegraph Company on this coast rather than suffer the chaos that cessation of telephone service will entail. This is indicated in a letter sent the telephone company officials by Reed, a copy of the letter having been sent to President Wilson and to Secretary of Labor Wilson.

The Pacific Telephone and Telegraph Company this afternoon made public a statement declining to accede to the proposal of Federal Mediator Reed that the girls' unions be recognized as a preliminary step in the settlement of the telephone strike.

The company quotes from a recent statement made by Secretary of Labor Wilson that "this is no time to insist upon union recognition nor to change the standards of labor." It charges that "a few of its employees" are endeavoring to take advantage of existing conditions to change labor standards, which, it says, they refrained from doing during normal conditions.

The proposal that recognition be submitted to arbitration is refused, the company, however, stating it stands ready for mediation of other points at issue.

Major D. P. Fullerton, general plant superintendent of the telephone company, was interviewed at his home in San Mateo this morning, and while reticent as to the answer, which the company would make to Mediator Reed's terms, intimated that the telephone company would possibly allow matters to rest as they are until the arrival of Secretary of Labor Wilson early next week.

### GOVERNMENT STAND NOT TO BE HEEDED

It was also suggested that if the company desired to recognize the operators' union as the principal bone of contention, it could and would do so directly and not because of government pressure.

W. F. De Lancy, delegate from Seattle and conceded to control the situation in the Northwest, said:

"This is the last day for the telephone company. We are tired of this hounding and filing; the company's object is very apparent. We have certainly done our part, as Mediator Reed has said, and if the telephone company does not accede to 'their terms,' International President McNulty will lead our strike and the walkout will follow. We do not propose to wait for Secretary Wilson or anybody else. We have made concessions, while the company has made none, and if we do go out it will be because the telephone company would not meet us on a single point, and the public should put the onus where it belongs."

### REED SUBMITS TERMS OF AGREEMENT

Mediator Reed has been informed that the electrical workers would meet at the Hotel Sutter at 10 o'clock this morning, the session to continue until 4 o'clock this afternoon, when failing to be advised of the Telephone and Telegraph Company's accepting the terms outlined yesterday, the strike order would follow. It was learned that the international headquarters of the Brotherhood at Springfield, Ill., is being kept informed of the condition here and that 4 o'clock this afternoon is the final hour given the company.

Following is a copy of the agreement:

Outbreak at Kiel on Two Ships  
When Attempt Is Made to  
Draft Men Into "U" Service

Three Radicalist Deputies Are  
Accused, But No Arrests Are  
Made by the Government

### BULLETIN:

WASHINGTON, Nov. 2.—Eight men are dead and another is missing as the result of the torpedoing of the home-bound transport Finland by a German submarine.

The Navy and War Departments were so advised today by official cables.

Two of the dead and the missing man were members of the naval armed guard and two were army men, a private and a negro transport worker. The others lost were civilian members of the Finland's crew.

The casualty list was announced as follows:

### NAVY DEAD.

JAMES W. HENRY, seaman, second class, dead. Next of kin, Rose Henry, Harrison, N. J.

NEWTON R. HEAD, seaman, dead. Next of kin not given. Home address, Cleveland, Ga.

FORSTER HILTON, seaman, second class, missing. Mother, Mrs. Lizzie Hilton, Toccoa, Ga.

### ARMY DEAD.

PRIVATE LESTER HICKEY, infantryman, drowned. Father, Thomas Hickey, Chicago.

CHARLES H. MAXWELL, colored, transport worker, killed, drowned. Brother, Thomas E. Maxwell, Concord, N. C.

### MEMBERS OF CREW.

M. CARDZO, fireman, drowned. No emergency address.

J. HANESIO, barber, drowned. No emergency address.

W. E. PHILLIPS, waiter, drowned. Brother, A. Phillips, New Orleans.

JOSE CUEVAS, mess boy, probably died from injuries. Father, M. Cuevas, Havana, Cuba.

### BY ASSOCIATED PRESS LEASED WIRE TO TRIBUNE

LONDON, Nov. 2.—Three officers and a number of sailors of the German navy were killed in "another" mutiny at Kiel early in September, according to a despatch from Amsterdam to the Daily Express. The outbreak occurred aboard the battleships Kronprinz and Schleswig-Holstein and started when the men revolted against being drafted into the submarine service.

The sailors on the Kronprinz Admiral Schmidt overboard and stabbed and three overboard Lieutenant Rank, the admiral's aid and another officer. A battle on the ship's deck between the officers and sailors followed. Three officers and a number of sailors were killed. Similar scenes occurred on the Schleswig-Holstein. Admiral Schmidt was rescued, but it was necessary for him to leave Kiel. All the surviving mutineers were arrested.

The battleship Kronprinz disappeared 25,220 tons and was built in 1915. Her complement is 1150 men. The Schleswig-Holstein was completed in 1906 and measures 13,000 tons. She carries 729 men. Vice-Admiral von Capelle, German minister of marine, announced in the Reichstag on October 9 the discovery of a plot in the German navy. Despatches from Amsterdam and London reported that the crews of four battleships of the German fleet had taken part in a mutiny on October 30.

Three of the ringleaders were shot, while heavy sentences were imposed on the others. This outbreak was said to have occurred about six weeks earlier, or about the first of September. Admiral von Capelle accused three Radical Socialist deputies of taking part in the plot, but the German government has not taken any action against the members of the Reichstag.

### Russia's Forces Spent in Lonely Effort, But Spirit Is Strong, Says Kerensky

Pleading Slavs Have Fought Harder  
And Longer Than the Other Allies,  
Premier Offers Burden to Their Arms  
CHIEF NEED FROM U. S. SUPPLIES

By Associated Press.

PETROGRAD, Nov. 2.—In view of reports reaching Petrograd that the impression was spreading abroad that Russia was virtually out of the war, Premier Kerensky discussed the present condition of the country frankly with the Associated Press. He said Russia was worn out by the long strain, but that it was ridiculous to say the country was out of the war.

The premier referred to the years in which Russia had fought her own campaigns alone, with no such assistance as has been extended to France by Great Britain and now by America. He said he felt help was needed urgently and that Russia asked it as her right. He urged that the United States give aid in the form of money and supplies and appeal to the world not to lose faith in the Russian revolution.

Russia, M. Kerensky added, was taking an enormous part in the struggle and those who said she was out of it must have short memories. "Russia is not out of the war," he declared.

He said Russia has fought consistently since the beginning. She saved France and England from disaster in the war. She is now the whole heart of the fighting. He said her right that the allies now shoulder the burden.

Thus Premier Kerensky explained Russia's position to the correspondent. The premier was seated in the library of the former private office of the Emperor in the Winter Palace.

The correspondent called his attention to widely contradictory reports on Russia's condition and asked the premier for a frank statement of the facts.

"It has been said by travelers returning from England and elsewhere to America that opinion among the people, not officially but generally, is that Russia is virtually out of the war," he was explained.

"Is Russia out of the war?" Premier Kerensky laughed. "That," he answered, "is a ridiculous question. Russia is taking an enormous part in the war. One has only to remember history. Russia began the war for the allies. While she was already fighting England was only preparing and America was only observing."

"Russia at the beginning bore the whole brunt of the fighting and was saving Great Britain and France. People who say she is out of the war have short memories. We have fought since the beginning and they must now take the heavier part of the burden on their shoulders."

### CADORNA MEN GIVE BATTLE TO INVADERS

Germans Hold Bridgeheads on  
Eastern Bank of Tagliamento  
—King and Premier at Front

GREAT HEROISM IS  
SHOWN DURING RETREAT

Anglo-French Reinforcements  
Arrive at Italian Front and  
Decisive Encounter Is Near

### BULLETIN:

BY INTERNATIONAL NEWS SERVICE  
LEASED WIRE TO TRIBUNE

ROME, Nov. 2.—The great battle along the Tagliamento river, which is expected to develop into the biggest clash of the war, is already under way.

The war office reported that enemy assaults on Italian positions along the river have been repulsed. The artillery on both sides was active. Advances have reached Rome that indicate the allies are sending great forces to help the Italians.

The indications are that a mighty attempt will be made to sweep the Germans and Austro-Hungarians out of Italy immediately.

### BY UNITED PRESS LEASED WIRE TO TRIBUNE

LONDON, Nov. 2.—The flooded Tagliamento river separating him from General von Mackensen's invading avalanche of Teutons and with a re-formed and thoroughly aroused army behind him, General Cadorna was on his prepared line of defense today. It appeared that the great battle of the north Italian front was under way.

The Germans today hold the vital bridgeheads on the eastern bank of the Tagliamento. It was supposed that Cadorna's army once safely over, had destroyed the bridges themselves, but this was not certain. Rome despatches indicated that despite his overwhelming initial defeat

## The New Triple Combination

Treatment for the blood, nerves and liver—purifying, strengthening, cleansing, winning its way wonderfully just now—is:

Hood's Sarsaparilla, the superlative blood purifier and appetite giver, known for over forty years.

Pepton, the superlative pepton-nut-iron-celery nerve, blood and digestive tonic.

Hood's Pills, the superlative family laxative for biliousness, constipation, pleasant, easy, effective.

What are your troubles? If such as to need all three medicines, why not have perfect, well-rounded relief by getting the combination?

If you need only one medicine, get it and take it—but do it now.—Advertisement.

OAKLAND TRIBUNE. Oakland's greatest evening newspaper, assures its advertisers that the circulation of this paper reaches every day over 250,000 readers.

## DR. MUCK PLAYS NATIONAL SONG, THEN QUILTS JOB

BOSTON, Nov. 2.—The resignation of Dr. Karl Muck, conductor of the Boston Symphony Orchestra, who had been criticized for not playing "The Star-Spangled Banner" at a recent concert in Providence, was announced by Major Henry L. Higginson at a concert this afternoon. It also was announced that the national anthem would be played at the concert and at future concerts given by the organization.

Dr. Muck, who is one of the most noted of the modern German orchestra directors, was in California during 1916 conducting a series of concerts at the time of the Panama-Pacific exposition in San Francisco. He is also a composer of note. While here he took a prominent part in the work of several German relief organizations.

## RUSSIA NEEDS AID SAYS KERENSKY

(Continued From Page 1)

is greatly agitated by the question. "Where is the great British fleet, now that the German fleet is out on the Baltic?"

"Russia," the premier repeated, "is worn out. She has been fighting one and a half years longer than England."

"Could an American army be of use if sent to Russia?"

Premier Kerensky replied that it was impossible.

"It is a question of transport. The difficulties are too great."

"America cannot send troops what would be the use of that way for her to help Russia?" was asked.

"Have her send boots, leather, iron and—"

and the premier added this emphatically—"money."

Premier Kerensky drew attention to the fact that Russia has fought her battles alone.

"Russia has fought alone—is fighting alone," Kerensky said. "France has had England to help her from the start and now America has come in."

The premier was asked regarding the morale of the Russian people and the Russian army and the premier answered:

"The masses are worn out economically. The disorganized state of life in general has had a psychological effect on the people. They doubt the possibility of the attainment of their hopes."

"What is the lesson to the democracies of the world of the Russian revolution?"

"This," Premier Kerensky replied, "is for them to find out. They must not lose faith in the Russian revolution because it is not a political revolution, but an economical one and a revolution of the masses. The revolution is only seven months old. No one has the right to feel disillusioned about it. It will take years to develop."

LOOKS TO ASSEMBLY FOR BIG ACHIEVEMENT

"In France, which is only as large as three Russian departments (states) it took five years for their revolution to develop fully."

Asked what he expected from the constituent assembly, the premier said:

"The constituent assembly begins a new chapter in the history of the revolution. Its voice certainly will be the important factor in the future of Russia."

"What future do you picture for Russia after the war?"

"No one can draw any real picture of the future," Kerensky said. "Naturally a man who really loves his country will hope for all good things, but that is only his viewpoint, which may or may not be accepted by others."

Premier Kerensky, pale and earnest, sat at the end of a carved table and emphasized the points of his statements by tapping the table with his fingers. He wore a brown uniform. He appeared to be fatigued from his many trips to the front and his constant audiences.

WASHINGTON, Nov. 2.—Secretary Lansing today authorized the statement that neither on the basis of government nor on the basis of Premier Kerensky's statement is it to be said that Russia was about to quit the war. The government, he said, deplored constructions to the contrary.

The government's apparent faith in Russia was reiterated in the authorization for a loan of \$2,000,000 out of credits previously arranged for, which was to be placed to the credit of the Russian government at the Federal Reserve Bank of New York during the day.

In Entente allied diplomatic circles in Washington Premier Kerensky's statement is not regarded as discouraging; in fact, it was stated that the allies fully realized Russia's condition as he sets it out, and have made their plans to meet those conditions.

PHONE STRIKE SET FOR 4 P. M.

(Continued From Page 1)

ment Prepared by Commissioner Reed:

"San Francisco, Nov. 1, 1917.

"M. G. E. McFarland, President;

"Major D. P. Fullerton, Gen. Supt. of Plants;

"Mr. H. J. Pillsbury, Vice-President Pacific Telephone & Telegraph Co., San Francisco, California.

"Gentlemen:

"I confirm that on yesterday I reached an agreement with the vice-president of the International Brotherhood of Electrical Workers and the local representatives of the Electrical Workers' Union, upon the following terms:

"First—That they will treat with the president's commissioner or commissioners in the matter of their difficulties with the Pacific Telephone & Telegraph Company, and will abide by the commission's decision; that they accept my finding that the question of recognition of the girls or women's unions is not a change of existing standards, and that they should be treated with as any other union, that on the wage question they agreed to my finding that 12½ per cent over existing wages shall be paid to the men, and that any question of further increase to the men, or increase over the existing wage of the women shall be arbitrated by the commission, or its appointee, and that they will abide by the decision.

"I therefore request you to confirm to me that you agree that the settlement of the dispute will be left in the hands of the President's mediation commissioners; that you will treat with the girls' unions as indicated above; that you agree to my ruling on the wage question, and that you will appoint responsible committees at once to co-operate with me in a speedy and final determination of the existing questions.

"Respectfully submitted,

"VERNER Z. REED,

"President's Mediation Commissioner.

## 2 MORE TRIBUNE MEN ANSWER THE CALL TO COLORS

With the departure of Oakland's last quota for Camp Lewis this morning, two TRIBUNE men, Harold M. Levy and Lloyd N. Cobblestick, were added to the number of Oakland newspapermen who have already gone into active service or are in training for it.

Among this number may be noted Sergeant Jack Cook, Corporal Charles Fulwiler and Corporal Aaron Goldstein, all at Camp Arcadia; Teoman W. D. Gross, Naval Reserve, San Diego; Oscar Ingles and Joseph Whitman, Field Ambulance Corps.

In addition to Levy, who was an active member of The TRIBUNE staff, and Cobblestick, a former member, other TRIBUNE men who have answered the country's call are: Louis Breton, cartoonist, who enlisted for active service in France; T. M. Dargie, of Camp Lewis, and Lieutenant William Moyle, with Battery B at Camp Arcadia.

CADORNA'S ARMY FIGHTS INVADERS

(Continued From Page 1)

A defeat for which he was hardly blameless on account of the enemy's superiority in artillery. Cadorna had executed a masterly stroke in the Italian retreat. Considering the vast force which the Italian commander had to move back, his losses have not been excessive. But what was more encouraging here was that the spirit and morale of his men apparently has not been dimmed by the disaster which overtook them.

ROME, Nov. 2.—King Emmanuel and Premier Orlando are at the front, it was announced today.

The presence of the ruler and the premier at the front is believed to forecast the beginning of the mighty battle that is expected along the Tagliamento. All reports from the front today emphasized the fact that General Cadorna is ready to make his stand against the German and Austro-Hungarian army.

LONDON, Nov. 2.—Anglo-French reinforcements have arrived at the Italian front, according to official information reaching here today. They have joined General Cadorna's second and third armies on a new battlefield, probably along the Tagliamento, where, it is believed here, the most decisive battle in the history of the war is soon to be fought.

ITALIAN HEADQUARTERS IN NORTHERN ITALY, Thursday, Nov. 1.—Italian and allied troops are preparing for counter-offensive. A green battle banner on the line of the Tagliamento river is forecast.

Not only is the main body of the Italian army intact after dishing several blows to the enemy, but it is now apparent that the Italians have thwarted the Austro-German plan of enveloping the third army on the Carso, thereby cutting off the flower of the forces in this region, rendering the Italian position precarious and encouraging the hope of the enemy for a decisive victory with far-reaching political results.

## CAR EMPLOYEES GIVEN INCREASE

(Continued From Page 1)

cents an hour; second six months of second year, 36 cents an hour; third year, 38 cents an hour; fourth year, 40 cents an hour; fifth year and thereafter, 42 cents an hour.

FOR THE KEY SYSTEM.

First year, 42 cents an hour; second year, 44 cents an hour; third year and thereafter, 45 cents an hour.

The view of the board was that the extra burden imposed by the increase in wages which will amount approximately to \$140,000 per year, should not be imposed on the company, but that the corporation should have the privilege of a rearrangement of its rates by the Railroad Commission.

General Manager W. A. Aldinger of the transportation company could not be reached this morning, as he has left the city for a week-end trip. The company has made the claim that the present wage scale can not be paid from the current revenues, and it is for that reason that the application for increased rates was made to the State Railroad Commission.

The award of the arbitration board will be presented on November 12 as additional evidence that the company must have an immediate increase in passenger revenue. Pending the settlement of the application, which will probably not come by December 1, the new schedule will be paid. But the payment, it is declared, will result in further operating loss to the company.

One Box of Cuticura Ointment and One Cake Cuticura Soap Healed Disfiguring Pimples.

"My face broke out with small red pimples that seemed to be caused from blackheads. They festered and were scattered over my face, and itched and burned and were very disfiguring. The trouble lasted about a month and a half."

"I tried several remedies without any result, so I sent for a free sample of Cuticura Soap. I used it according to directions and found it was helping me very much. I then bought a full-sized cake of Cuticura Soap and a box of Cuticura Ointment, and now I am healed. I shall always recommend the Cuticura Soap and Ointment." (Signed) Jephtha King, Sweetwater, Idaho, Feb. 20, 1917.

Delicate, sensitive skins with tendency to pimples, redness or roughness should not be irritated by impure, strongly medicated soaps. Why not use on the face and for every-day toilet purposes, Cuticura, a pure, gentle soap, touching the first signs of pimples or irritation with Cuticura Ointment.

For Free Sample Each by Return mail address post-card. Cuticura, Dept. H, Boston. Sold everywhere. Soap 25c. Ointment 25 and 50c.

## NEED MORE POLICE MANY BUY BONDS

Commissioner F. F. Jackson today asked the city council to adopt an ordinance permitting the appointment of twenty substitute patrolmen to fill vacancies caused by the draft of men from the department and through illness. At the present time the police department is short handed and considerable extra work is constantly demanded. The ordinance was referred to the civil service board with the request that an eligible list be created. The present list is short of filling the requirements, as those on it have refused to take short time positions as "extra" patrolmen.

WASHINGTON, Nov. 2.—As many Americans as were registered under the selective draft act subscribed to the second Liberty loan. More than 10,000,000 individuals aided in the flotation of the second war loan, it was learned from an official source this afternoon.

Subscribers to the first Liberty loan totaled only a little over 4,000,000 persons. The extent to which the bonds of the second loan were taken up by the "common people" was gratifying to treasury officials who had worked the hardest for such a result.

## RURAL SLEUTHS KEEN ON AUTOS

MODESTO, Nov. 2.—The reason of the hunt which has been waged throughout Stanislaus county since Wednesday morning when it was discovered that Maurice Goff, convicted murderer, and John Henion, a trusty,

had sawed out of the Modesto county jail, every automobilist passing through the county runs the gauntlet of armed guards stationed at every bridge and cross-roads, and those automobiles whose drivers fail to heed commands to halt have been fired into with the result that one was burned and another completely disabled. In each instance the drivers, believing themselves intended victims of a sniping attempt, attempted to escape by putting on more speed.

Guards stationed about the Goff home at Turlock permitted two men, who crept up to the house in the darkness early this morning to escape.

**HAS 8-POUND SON**  
Judge Emil Nusbaumer, one of Oakland's senior attorneys and a member of the law firm of Reed, Nusbaumer and Blumman with offices in the Union Savings Bank building, was presented with an eight-pound son by his wife this morning at the Providence hospital. Both mother and son are said to be doing well. Judge Nusbaumer is one of the best known lawyers in the city and has a host of friends who have spent the morning congratulating him.

## RED CROSS HAS SAME OFFICERS

J. W. Garthwaite was unanimously re-elected chairman of Oakland Chapter of the American Red Cross Society at the first meeting of the newly chosen board of directors held yesterday afternoon in the offices of the Oakland Clearing House Association. The other officers of the organization, who have served during the past year, were also honored again without a dissenting voice. Joseph R. Kneeland, first vice chairman; Charles L. Smith, second vice chairman; Dr. Herbert J. Samuels, secretary; and John Davidson, treasurer.

Plans for the entertainment of members of the American Red Cross Chapter of the first meeting of the newly chosen board of directors held yesterday afternoon in the offices of the Oakland Clearing House Association. The other officers of the organization, who have served during the past year, were also honored again without a dissenting voice. Joseph R. Kneeland, first vice chairman; Charles L. Smith, second vice chairman; Dr. Herbert J. Samuels, secretary; and John Davidson, treasurer.

**COFFEE AS WEAPON.**  
Declaring that his wife, Marietta Silva, threatened to throw hot coffee over him, that she drank him down, and that she was sorry she married him, and finally left him and married another, William Silva today brought suit for divorce.

## NOTABLE DEATHS

NEW YORK, Nov. 2.—Robert M. Molloy, central figure in a famous murder mystery, which was generally known as the "Molloy case," nearly twenty years ago, died today.

## DEATHS

BURNS—In this city, November 1, 1917, Michael Burns, husband of the late Mary Burns, loving father of Mrs. Mary Biederstadt and Mrs. F. Jones, Harry A. Burns, grandfather of Harold Biederstadt, Gertrude Loretta and Fred T. Jones, Jr., a native of Ireland, aged 70 years. A member of Appianina Post, G. A. R., No. 25, died.

Friends are respectfully invited to attend the funeral on Saturday, November 3, 1917, at 9:00 o'clock a. m., from his late residence, 1555 24th street, thence to St. Andrew's church, 36th and Adeline, where a solemn requiem mass will be celebrated for the repose of his soul, commencing at 10 a. m. Interment, St. Mary's cemetery.

COOK—In this city, November 2, 1917, Mrs. Mary Ann Cook, wife of Frank M. Cook and sister of Mrs. Caroline Laswell, a native of Indiana, aged 62 years, 10 months and 2 days.

Deceased at the funeral parlors of Tefft Undertaking Co., Grove and Russell streets, Berkeley. Time of funeral postponed.

MATHEWSON—In this city, November 2, 1917, Addie J., beloved wife of Frank Mathewson and mother of Warren H. Mathewson, a native of California, aged 30 years.

Funeral services will be held Saturday, November 3, at the parlors of James Taylor, northeast corner 18th and Jefferson, Oakland, at 3 o'clock p. m., to which friends are invited.

MERRICK—In Oakland, October 25, 1917, Ida Grace Merrick, wife of the late O. R. Merrick and loving mother of Mrs. Nellie E. Merrick and daughter of Mrs. S. O. Hickey, a native of Wisconsin. "Visiting papers please copy."

Friends and acquaintances are respectfully invited to attend funeral services tomorrow (Saturday), November 3, 1917, at 10 o'clock a. m., from the residence of her daughter, Mrs. K. W. Brier, 1325 Castro street. Interment private, Mt. Diablot cemetery.

REAN—In this city, November 1, 1917, Clara E. Rean, wife of George Rean and daughter of Mrs. H. L. Dunn, cousin of Dan, Leon, Orville, Vernon, Lela and William (immigrant), a native of California, aged 21 years, 10 months and 2 days.

Friends are respectfully invited to attend the funeral on Saturday, November 3, 1917, at 10 o'clock a. m., from the residence of her mother, Mrs. E. E. Rean, 679 25th street, near Grove street, Alameda, at 10 o'clock a. m., to which friends are invited.

## Roosevelt Speaks in New York "Thunder" Directed at Hillquit

NEW YORK, Nov. 2.—The Americanism issue in New York's mayoral campaign reached the point of heated personalities today. It was stirred to the boiling point by a typically Rooseveltian demonstration and a typically Rooseveltian speech delivered by the former President at a mass meeting in Madison Square Garden last night. The Colonel is supporting Mitchell.

Roosevelt loosed his verbal thunder at Morris Hillquit, Socialist aspirant, as "pandering to treasonable and cowardly Americans—the pacifists, the pro-Germans, the man who wishes Uncle Sam to negotiate an insensate peace."

"Yellow calls to yellow," Roosevelt yelled. "The Hun within is even worse than the Hun without, but worst of all is the man who cringes before the Hun within."

A would-be heckler of the Colonel was uproariously shouted down after he had demanded to know of Roosevelt why the former President wasn't in France.

"I did my level best," declared Roosevelt, his teeth snapping emphatically and his face crimson with suppressed emotion. "You—you creature over there—I have sent my

## STEAMER ALKI IS AGROUND; AID SENT

SEATTLE, Nov. 2.—The steamship Alki, bound for Seattle from Juneau, is aground on Point Augusta, Chichagoff Island, according to information reaching the Merchants' Exchange here today. The vessel has sent out wireless distress calls. There are 34 passengers aboard.

The government cable ship Burnside has started to the aid of the wrecked vessel, and the fishing schooner San Juan is reported to have reached the wreck and will take off the passengers if the danger becomes great.

The Alki went ashore on the southern end of Chichagoff Island in a blinding snowstorm late yesterday while running on a slow bell. A heavy northwest gale is blowing and the fuel oil is being pumped out in an effort to prevent the vessel breaking up. Captain Gregory commands the Alki.

**WILL VISIT FRONT**  
LONDON, Nov. 2.—The American congressman who are here to see the war have left for France, where they plan to visit the British front. While there, the American party also will visit the American soldiers now in training in the trenches and in training camps.

## NOT A PARTICLE OF DANDRUFF OR A FALLING HAIR

Save Your Hair! Double Its  
Beauty in Just a Few  
Moments.

"Danderine" Makes Your Hair  
Thick, Glossy, Wavy and  
Beautiful.

Within ten minutes after an application of Danderine you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair fine and downy at first—yes—but really new hair—growing all over the scalp.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance and incomparable lustre, softness and luxuriance.

Get a small bottle of Knowlton's Danderine from any drug store or toilet counter, for a few cents, and prove that your hair is as pretty and soft as any that it has been neglected or injured by careless treatment—that's all you surely can have beautiful hair and lots of it if you will just try a little Danderine.—Advertisement.

## TANGLED NUPTIAL AFFAIRS ENTER CASE AT COURT

Rather than see his wife, Mrs. Matilda Clark, secure a divorce on her allegation of cruelty, Louis Clark, an Oakland man, admits in his answer to her complaint that his marriage to her in July, 1908, was bigamous, he being at the time the lawful husband of another woman, a Katie Christanson, whom he married in Oregon in July, 1907. He admits that at the time he contracted the second marriage he knew his former wife to be living, and that his marriage to her was in force and effect.

The cross complaint sets up that the present marriage is illegal and asks for annulment. It denies the allegation of cruelty and charges with No. 2 with desertion. It denies that one of the three children, the six months old baby mentioned in the complaint, is the offspring of the plaintiff and defendant, and alleges that one of the other children has been legally adopted by another family. He asks custody of the third minor child.

## DANCE WILL AID CAMP LEWIS FUND

"Dance and grow thin!" This is the advice of the physical culturist, who holds dancing not only to be one of the greatest of indoor sports, but exercise that the tired business man does not begrudge as well.

Next Tuesday night dancing will serve a double purpose—for it will not only benefit the who dances, but will help Uncle Sam's boys at Camp Lewis as well. For the La Paloma Club, select Oakland dancing organization, is going to give a benefit party for the "Sammy's." Alaple Hall will be thrown open to the public for the night and Saunders' famous "Jazz" orchestra has donated its services to help the cause. The proceeds of the affair will go to the Camp Lewis athletic fund. The soldiers need athletic equipment—particularly baseball equipment—badly, and the club is going to "do its bit" and let the public help at a big benefit dance.

George P. Palmer will act as floor manager for the affair and several novelties are in course of preparation for the evening. A general invitation to the public has been extended by the club.

**WILL USE SHIPS**  
Lumber schooners, plying coast ports, may in the near future be used to make deliveries of automobiles, as the result of the car shortage that has tied up all automobile deliveries from Oakland, which is the distributing point for a number of large concerns.

Plans are now under way by the Chevrolet plant to utilize lumber ships for this trade. Deliveries are now being made to Sacramento and valley points by driving the cars themselves to the agency.

The plant expects within the year to deliver as far as Los Angeles by this method.

There are materials in stock at the plant for the construction of 2000 cars but under certain prospects of further shipments.

**DIVORCES SOUGHT**  
Anne Miller, tired of America and her husband, David B. Miller, deceased test she was going back to Melbourne, Australia, whence they came to San Francisco to attend the Exposition, afterward engaging in mercantile business in Oakland. Until Mrs. Miller deserted her husband, the divorce complaint says, they lived at the St. Mark hotel.

Antone H. Perry charges that his wife, Daisy Martin Perry, taunts him with being an uneducated man, and goes to parties and places of amusement without him and against his wish, according to a complaint for divorce filed today.

**FIRES SPREAD.**  
EUREKA, Nov. 2.—Forest fires have spread from here to Del Norte county, according to reports received here. No lives have been lost in the fires, it was learned.

**ASK THE TRIBUNE**

# COMMISSION IS FETED ACROSS BAY

SAN FRANCISCO, Nov. 2.—Hospitality of the Golden State to the members of the special finance commission from Japan was continued today with a luncheon at noon at which the Japan Society of America was the host. Francis Loomis presided at the table, and addresses were made by several prominent newspaper men. This evening the envoys will be guests at a banquet in the Fairmont hotel.

"The world has entered upon a new era of human history," said Baron Taniguchi, Japanese minister to the United States, at the Chamber of Commerce luncheon yesterday. "In this era your great American republic is destined to become a melting pot in which human intercourse and peaceful relations will be melted and largely transformed."

In speaking of what Japan has done in the present war, he said:

"Japan, cradled in the sea, has done

## FATHER RICARD INCLUDES STORMS IN HIS PREDICTION ON WEATHER IN NOVEMBER

SANTA CLARA UNIVERSITY, Nov. 2.—The following prognostications of the weather of central California for the month of November was issued today for The Oakland TRIBUNE by the Rev. J. S. Ricard, S. J., astronomer for the University of Santa Clara. This forecast is based upon sun-spot phenomena.

By J. S. RICARD, S. J.

Although, admittedly, great events cast their shadows before, it ever remains a hard task to determine long before hand the prominent features of the November weather. Many a November has gone by within our memory, and many another has been wet. Which is going to be which this year, is the question which just now confronts us.

To say that the coming winter is going to be a hard one, with more rain or snow than is generally necessary, and that it will not be so unheavily cold as sometimes before may be admitted without much ado.

But to settle this too minutely into the specific trials of this November may be classed among the questions which require much discretion. For the Californian November is, on the whole, the state of the new season. On how that gets open, much of the season's future or success depends.

**STORMS PREDICTED.**

In general terms, then, and without much fear of error, the forecast for this November may be launched as follows:

In the Northwest, most of our stormy dates will be effective as regards rain and snow, and our cold wave dates will leave a solid record of their passage. As for California, we should think November will be a fair beginning of the wet season, and that there will be two or three telling storms followed by cool waves of some intensity. For instance, we would call attention to the first five or six days of the month, and then again to the 20th, for the entrance of a strong area of high pressure, to be followed by a considerable storm at the opening of December. Mention should also be made of November 22 for the entrance of a large high pressure area, to be followed three or four days later by a storm of proportional intensity.

Areas of high barometer or cool waves are justly viewed by some meteorologists as the main weather disturbers, and, as such, deserve the first place. Hence:

The November areas of high barometer will enter upon the coast in the following order: November 3, 6, 9, 12, 16, 20, 23, 26, 28, 30. December 2, 5, 9, 12, 15, 18, 21, 24, 27, 30. The degree of intensity of these areas and, as a consequence, the degree of cold they bring along in the district they occupy, depends upon the height of the barometric reading.

**LOW PRESSURE.**

As a companion to a high pressure area there always goes a low pressure or strong area, following a little behind or at the side north or south. The scheduled time of these areas of low barometer is as follows: November 3, 7, 10, 13, 16, 20, 24, 27, 30. December 2, 6, 9.

The errors that some people commit to writing, or the winged word, are sometimes exceedingly pleasing. "See," they say, "how many dates it is necessary for put forward in order to ensure even a moderate degree of success. Here it is not better to write down every day of the month and then say each day is verified somewhere in the world?"

The only cure for this kind of unbridled thinking is mental expansion, and a course in strict meteorology, abounding in well-observed fact and bristling with higher mathematics.

question which just now confronts us.

To say that the coming winter is going to be a hard one, with more rain or snow than is generally necessary, and that it will not be so unheavily cold as sometimes before may be admitted without much ado.

But to settle this too minutely into the specific trials of this November may be classed among the questions which require much discretion. For the Californian November is, on the whole, the state of the new season. On how that gets open, much of the season's future or success depends.

**STORMS PREDICTED.**

The errors that some people commit to writing, or the winged word, are sometimes exceedingly pleasing. "See," they say, "how many dates it is necessary for put forward in order to ensure even a moderate degree of success. Here it is not better to write down every day of the month and then say each day is verified somewhere in the world?"

The only cure for this kind of unbridled thinking is mental expansion, and a course in strict meteorology, abounding in well-observed fact and bristling with higher mathematics.

**RAID DANCE HALL**

SAN FRANCISCO, Nov. 2.—The Union Square dance hall at Columbus avenue and Powell street, was raided by the police last night at the request of Lieutenant R. C. Watkins of the Army Intelligence Bureau and nine slackers taken into custody and booked for arraignment before Commissioner Francis Kull this morning.

It was learned that these men are involved in a plot to provide substitutes for themselves and others, thus avoiding the draft.

Two of the bounty men have already been arrested in American Lake and as a result of their confession the men were apprehended.

**SENT TO PRISON**

Frank Woolley, the "frat house burglar," who pleaded guilty to having entered the home of the Kappa Alpha Theta sorority in Berkeley to help himself to some jewelry, was denied probation and sent to San Quentin yesterday by Judge Ogden. The report of the probation officer showed that Woolley, while working on a delivery wagon, has burglarized at least forty Oakland and Berkeley homes during the past year.

**"NAVAJO" IS TOPIC**

"The Land of the Navajo" is the subject of an illustrated lecture to be given tonight in the Jefferson school by Edward H. Kemp and Mrs. Kemp of San Francisco. The moving pictures include those of the famous rattlesnake dance of the Hopi Indians. Kemp's reels of this subject are the only ones in existence that made four trips into the desert to secure these pictures. Kemp's lantern slides reveal the life of Navajo blanket makers and the remote desert hill-towns of the Hopi Indians.

**BRITISH ASK OIL**

WASHINGTON, Nov. 2.—Chairman Edwin C. Bailey of the shipping board left for New York today to confer with members of the British war mission and with petroleum producers concerning the question of shipment of oil supplies for the British navy. The British war mission will, it is said, need 300,000 tons of oil for the transport of American oil for the British fleet.

**COUCH IS NAMED**

WASHINGTON, Nov. 2.—The appointment of H. C. Couch, prominent business man of Pine Bluff, as fuel administrator for Arkansas was announced today by Federal Administrator Gaffney.

**The New Trench Overcoat**

sells almost on sight. It's a smartly-cut, belted-around model, with big saddlebag pockets and convertible storm collar. It looks well on every man. It may be bought on easy payments at CHIEF RY'S Men's store, 525 13th women's store, 515 13th.—Advertisement.

NOVEMBER 4

GOVERNOR STEPHENS BIDS  
YOU GO TO SUNDAY  
SCHOOL

## SESSIONS ENDED

EUREKA, Nov. 2.—Following its evening session the sixty-first Congregationalist conference for Northern California adjourned to meet early in the summer of 1918 at San Francisco or in the bay regions, as the congress of the division of the Pacific Coast may decide. Efforts to keep church matters abreast of the stride of international affairs has been evident throughout the session.

## Blood Poverty

Thin, sluggish blood saps the energy, weakens the general health, stunts the ambition, and brings on anemia, a disease the gravity of which is not properly realized outside the medical profession.

Rich, red blood keeps you well and vigorous, it gives you the courage to try and the strength to achieve. Some of the indications of an anemic condition are paleness, listlessness, indifferant appetite, unrefreshing sleep, and a general run-down feeling. If these symptoms are not accompanied by fever, you are not seriously ill, but you do need a good tonic to prevent becoming so.

## Gude's Pepto-Mangan

"The Red Blood Builder"

Study this picture so you will know how real Pepto-Mangan looks.

Pepto-Mangan is made only by M. J. Breitenbach Co., Manufacturing Chemists, New York

is a true tonic. It restores physical power by creating thousands of new, rich, red blood cells, and by putting goodly amounts of iron in the blood. Blood that is strong in iron and rich in red cells drives out poisons and waste matter. It brings color to the cheeks, sparkle to the eye, and renewed vigor to every part of the body.

Start a course of Pepto-Mangan today; its good results will be soon noticed unless you have a serious organic disease. Pepto-Mangan does not look nor taste like medicine. It cannot disturb the most delicate stomach or injure the teeth.

**Friendly Warning:** As there are many imitations, insist upon the genuine—Gude's Pepto-Mangan, never sold in bulk; found only in bottles and packages as pictured here. Read circular around bottle. For sale by all druggists.

## DRYER IS BURNED

SANTA ROSA, Nov. 2.—A large apple dryer belonging to Mrs. Laura E. Barlow on her ranch in the Gold Ridge section west of here was destroyed by fire last night together with ten or twelve tons of green apples awaiting drying and three tons of dried fruit, a lot of drying trays and other apparatus. The loss is estimated at approximately \$4000 with some loss of insurance.

## 6000 COAL MINERS OUT ON STRIKE

PITTSBURG, Kan., Nov. 2.—Six thousand and Kansas coal miners are out today in this field and more are going out hourly. The return of the miners depends on the result of the conference today in Washington of Alex. Howat, president of the Kansas miners, and Dr. H. A. Garfield. The strike went out without a call from their officials, because of the rejection of the recent Kansas City settlement by Dr. Howat.

August Dorchester, vice-president, said today: "This walkout is an automatic one and not called by officials of the union. The men will go back if Dr. Garfield accedes to their request. That will be that if he approves the Kansas City agreement."

"If Dr. Garfield still opposes the settlement then the strike will spread and will be called officially."

### PERILOUS TUMBLE

SAN FRANCISCO, Nov. 2.—Dropping 1000 feet into a forest following a collision with the military airplane of a companion two and a half miles above ground, the target for machine guns welded as Germans during the fall, and then to escape unharmed was the interesting experience of Lieutenant Louis Verdier, former social favorite, who is with the French aviation corps.

Verdier is one of the owners of the city of Paris, the French capital.

He took the Roches and of the collision which occurred high above earth and which smashed his stabilizer, rendering the machine which he was driving almost unmanageable.

## STUDY REPORT ON UNITED PROPERTIES

SAN FRANCISCO, Nov. 2.—Members of the Board of Supervisors are studying the report on the finances of the United Railroads prepared by the State Railroad Commission and submitted yesterday with a view to ascertaining whether the city can advantageously take over the properties of the company. The report was requested six weeks ago, and is rather a preliminary survey than a final setting forth of the condition of the company.

Decreasing profits, due to the competition of the Municipal Railway and the City and County of San Francisco, is the story told in the report. The figures show that with a burden of capitalization of \$58,144,221.78, the receipts of the company, which were \$5,589,247 in 1915, had fallen to \$7,700,000 for the year 1916, or more than \$1,000,000, while the difference in cost of operation was an increase of \$443,444 for these two years.

After showing that huge salaries were paid to certain officers, \$50,000 per year to President Jesse W. Lillenthal, \$25,000 to General Manager von Puhl, \$21,000 to Attorney Cannon and Abbott, the report goes on to show a deficit for the month of August, 1917, of \$23,148.45. The average wage scale paid during the first six months of 1917 was 32 cents per hour, while during August it was obliged to pay men who took strikers' places an average of 55 cents per hour.

### \$700 MEN STRIKE

LOS ANGELES, Nov. 2.—One hundred and twenty-five men employed by the Southern California Iron and Steel Company walked out without assigning their reasons, according to the mill management. The strikers included ingo rollers, who have been paid on a tonnage basis.

"Mary Jane's Pa." are the features of the double bill. In addition to these pictures, an excellent Mutual Weekly and concert numbers by John Wharry Lewis and his orchestra are presented. "North of Fifty-three" is an exciting play, the pictures for which were taken in the snow-crowned Sierras, and "Mary Jane's Pa." is a newspaper story of love and politics.

## QUOTAS POURING INTO CAMP LEWIS

Special to THE TRIBUNE.

CAMP LEWIS, Nov. 2.—From all parts of the coast the members of the last official quota for the national army are beginning to pour into camp. The Tacoma and Pierce county men are coming in by automobile, Portland by train and the California and Nevada contingents also by train. There are more than 500 colored men in camp who will begin their preliminary training this week. Among them are numbers of former regulars who saw service in Cuba and the Philippines during the Spanish-American war. These are being given posts of responsibility and are aiding in the work of whipping their less experienced troopmates into shape.

The quota of the camp will be graduated as follows: Washington, 1083; Idaho, 475; Oregon, 104; Nevada, 148; Montana, 1142; Utah, 335; Wyoming, 111; California 3033. The California quotas are enrolling from their State this morning and will arrive late tomorrow night.

Rookies had a chance to witness the stinging operation of the Federal law today on a soldier who violated his army code, when Glynn Newell, 28, infantryman, was sentenced to twenty-five years in the penitentiary at hard labor for an assault on a 11-year-old girl. Newell, who enlisted at San Diego, was lost all pay and allowances and will be dishonorably discharged. The sentence was imposed by court-martial.

Willie Fitchie, former lightweight champion, who is to be boxing instructor for the 50,000 men at the camp, and who in private life is Gerhart Steffen, was in conference here today with Major-General H. A. Greene, commanding officer in charge of the camp, in regard to the plans under which the men will be given instruction. Fitchie declared he had not decided just how he would go about the colossal task until he looked the ground over.

## An Extraordinary Sale of Many of Our Finest Untrimmed Shapes, Ready-to-Wears and Tailored Hats

Alma Gluck  
sings in  
Oakland  
November 6

## Hear this famous Victor artist!

To hear Alma Gluck is a privilege and an opportunity which every music-lover will want to embrace. It presents the unique opportunity of a direct personal observation of her remarkably beautiful voice for comparative consideration with her historic Victor Records.

Attend this concert and hear her sweet, sympathetic voice in all its simple beauty, being particularly careful to observe the individual characteristics that so plainly identify the Gluck voice.

Then go to any Victor dealer's and hear the Victor Records by Gluck. You will be instantly convinced that on the Victrola her art and personality are brought to you with unerring truth.

It is this absolute fidelity that emphasizes the supremacy of the Victrola, so firmly established on a basis of great things actually accomplished; a supremacy readily recognized and acknowledged by the world's greatest artists who make records exclusively for the Victor.

There are Victors and Victrolas in great variety of styles from \$10 to \$400.

Victor Talking Machine Co., Camden, N. J.

Important Notice. Victor Records and Victor Machines are scientifically coordinated and synchronized by our special processes of manufacture, and their use, one with the other, is absolutely essential to a perfect Victor reproduction. New Victor Records demonstrated at all dealers on the 1st of each month.

# Victrola

"Victrola" is the Registered Trade-mark of the Victor Talking Machine Company designating the products of this Company only. Warning: The use of the word Victrola upon or in the promotion or sale of any other Talking Machine or Phonograph products is misleading and illegal.

## HERE THEY ARE!

## EAT LESS MEAT IF BACK HURTS

Take a Glass of Salts to Flush  
Kidneys If Bladder Bothers  
You—Drink Lots of  
Water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority. Because the uric acid in meat excites the kidneys, they become overworked, get sluggish, stop up and cause all sorts of distress, particularly backache and misery. In the kidney region, rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.—Advertisement.

## GRANDMOTHER KNEW

There Was Nothing So Good  
for Congestion and Colds  
as Mustard

But the old-fashioned mustard plaster burned and blistered while it acted. Get the relief and help that mustard plasters gave, without the plaster and without the blister.

Musterole does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin.

Gently massage Musterole in with the finger-tips. See how quickly it brings relief—how speedily the pain disappears.

Use Musterole for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

30c and 60c jars; hospital size \$2.50.

## Oakland Physician Surprised

"Hearing of some good results from use of Myer's Wonderful Remedy, I decided to try it on a chronic case of indigestion and gastritis I was interested in. After the first dose the patient was relieved of gas troubles and was soon able to eat rich dishes and most everything else he had not eaten in years. It is a simple harmless preparation that removes the catarrh that mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Osgood's Dept. Drug Stores.—Advertisement.

## The New Wonder

What can be more of a wonder than the tiny infant, its entire being new and strange and glorious.

Millions of women have used the miracle penetrating preparation, "Mother's Friend," before baby is born. By its use the muscles relax, and the baby arrives. Nervousness and the usual tendency to stretching and bearing down pains is avoided. Write to The Brimfield

## NEWS of WOMEN'S CLUBS

By Edna B. Kinard

There has come to the California Federation of Women's Clubs an appeal from the United States civil service commission. The text of the letter follows:

"Dear Madam: A call from the United States civil service commission through the medium of the General Federation of Women's Clubs to the women of the country to prepare for, and serve as, employees of the civil service of the government, in the capacity of clerks, typists and stenographers, and reads in part as follows: "Stenographer and typewriter examinations for the departmental service at Washington, D. C., are held in 400 of the principal cities of the United States every Tuesday. Entrance tickets for stenographers and typewriters range from \$1000 to \$1200 per year. Promotion is reasonably rapid for those whose services prove satisfactory. A person who qualifies in the commission's examination is assured of a certificate of appointment. While women with merely a high school education (or common school) may readily find employment in the government service as stenographers and typewriters, unusual opportunities are offered to college women, who, by reason of their better education, are qualified to perform the more important branches of office work. Literally thousands of stenographers and typewriters have been appointed in the government service in the past few months, but the calls do not decrease, rather they increase.

Through the ranks of the California branch of the Collegiate Alumnae the same word has gone forth. The demand for trained women will be even greater during the days of reconstruction. The opportunity for a patriotic service in equipping to bear some of the responsibilities of the government is being opened to the woman who has already a foundation upon which to build her business education.

Grosvenor Sherman is one of the Oakland men to have been signally honored by being appointed to an important post in the government service. He is leaving early next week for New York, whence he will sail shortly for Paris as inspector for the American Red Cross to work in European service. He will be attached to the staff of Major Grayson M. P. Smith, U. S. A., commissioner for Education. While he is abroad Mrs. Sherman, who is one of the prominent members of the Mills Club of California, will remain with her mother, Mrs. Susan Summers.

Members of the board of directors of Alameda district, California Federation of Women's Clubs, together with all department chairmen and presidents of the local clubs, will meet in Ebelle clubhouse tomorrow for an important all-day session. The conference is called by Mrs. Kate Smith, president of the district. Reports of officers will occupy the greater part of the session. Plans will be matured for the club work of the later season. At the noon hour there will be served an informal luncheon.

The California Civic Center, through its extension committee, of which Mrs. A. F. Coffin is chairman, is building up a unique work by placing the stereopticon lectures on current events before organizations of the state. As the circuit of clubs, societies, chambers of commerce and exchanges increase a higher class of slide will be offered. The October views are remarkable for their educational value and for the beauty of their production. The November slides will be ready about the middle of the month. At present Miss Alice Eleonor is in the vicinity of Fresno, organizing the work under the league. With Mrs. Coffin she returned recently from Los Angeles, where a similar work was done.

Second district, California Congress of Mothers, will give over Thursday to an all-day meeting in Hale's Pompeian Court, San Francisco. Mrs. C. R. Reilly of Berkeley, district president, will preside. Not only has the board of directors been summoned for the conference, but the department chairmen and presidents of the local federations. In the morning there will be a general discussion of de-

## Seeing Is Believing

We have convinced hundreds of stylish women that they can buy their wardrobes to advantage on the cash-payment plan; we'd like to convince YOU. CHERRY'S women's store, 515 14th men's store, 528 14th.—Advertisement.

(By Howard R. Garis)

"Oh, Uncle Wiggly, you're going to come out with us, aren't you?" asked Johnny Bushytail, the little squirrel boy, as he ran up the steps of the hollow stump bungalow one morning. Just as Mr. Longears, the bunny, was taking in the paper.

"Come where, Johnny?" asked the rabbit uncle, smiling and embedding. "Oh, to have some Halloween fun. We're all going to dress up crazy-like, with false faces and sing and dance to-night, for it's the time for fairies and elves to be out sporting."

"Of course I'm coming," cried jolly Uncle Wiggly. "I wouldn't miss it for all the vegetables I raised on my farm this summer."

"What kind of a false face are you going to wear?" Uncle Wiggly asked Johnny. "Tell me so I'll know you are and not drop talcum powder on your tall silk hat."

"Well, don't tell anybody," begged the bunny uncle, turning around and whispering. "But I'm going to wear a false face like a loaf of bread. Now, run along to school."

So Johnny went to school, but after afternoon his brother also came to the hollow stump bungalow to ask Uncle Wiggly to come out that evening and play Halloween.

"I certainly shall," promised the bunny uncle.

"And what sort of a false face will you wear?" asked Jimmie, the little squirrel boy, who was also to be in the hollow stump bungalow on your tall silk hat."

"I'm going to wear a false face like a chocolate cake," said the bunny uncle, twirling his pink nose, sporty-like.

"Oh, that will be jolly!" laughed the squirrel boy, and he ran away to get ready for Halloween.

A little later that afternoon came Jacko Kinkytail, the monkey boy, to see Uncle Wiggly, and ask him to come out and play after dark. The bunny promised, and when Jacko asked what sort of a false face Mr. Longears would wear, Uncle Wiggly whispered:

"One like a cherry pie."

"How jolly!" cried Jacko. Then when Jimmie's brother came to the hollow stump bungalow, Uncle Wiggly said:

"Now, don't tell any one, Jimmie, but tonight, at the Halloween fun, I'm going to wear a false face like an ice cream cone."

"Good!" exclaimed Jimmie. "Then I'll know you and I won't slide any molasses down your nose."

So every one got ready for Halloween, and the animal boys and girls and Uncle Wiggly dressed up and started out to have fun.

And also there started out the bad old lion, the unpleasant fox, a saucy bear and a souse-biting skeekicks.

So every one got ready for Halloween, and the animal boys and girls and Uncle Wiggly dressed up and started out to have fun.

And also there started out the bad old lion, the unpleasant fox, a saucy bear and a souse-biting skeekicks.

## DEFENSE IS COSTLY

THE HAGUE, NETHERLANDS, Nov. 2.—Much comment has been caused in Holland by a speech of the new civilian War Minister, Bernard Cornelis de Jonge, in which he said that, if the country were to be properly defended after the war, Hollanders would have to reconcile themselves to a war budget of something like \$24,000,000 instead of \$12,000,000, as formerly. He is criticized for the lack of faith in the attainment of the general reduction of armaments at the end of the war. Critics argue that, as Holland could never hope to successfully resist an attack by one of her big neighbors, she must confine herself to adequate preparations to defend her neutrality.

## CONSTIPATION CAUSES OBSTINATE HEADACHES

When your head aches you will usually find the bowels have been inactive, and if you relieve this condition, by clearing the intestinal organs of the fermenting congestion of stomach waste, foul gases and bile, the head is relieved immediately.

Remember this the next time you suffer from headache. The combination of simple laxative herbs with peepsin sold by druggists under the name of Dr. Caldwell's Syrup Pepsin, is highly recommended as a gentle laxative that acts easily and quickly, without griping or discomfort. It contains no opiate, narcotic, or habit-forming drug, is pleasant to the taste, and a most effective household remedy. Mothers find it especially desirable as a laxative for children.

You can buy Dr. Caldwell's Syrup Pepsin from your druggist for fifty cents. Get a bottle and have it in the house when needed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 456 Washington St., Monticello, Illinois.

## MINIMUM PRICES

PITTSBURGH, Pa., Nov. 2.—Minimum prices on securities listed only on the Pittsburgh Stock Exchange were established today by the board of directors. It was explained that the restriction would be temporary to give investors a chance to protect themselves on what was declared to be an unnecessarily depressed market. The closing prices of yesterday were established as the minimum quotations.

**S. N. WOOD & Co.**  
14TH & WASHINGTON - OAKLAND  
4TH & MARKET - SAN FRANCISCO

CHILDREN'S COATS—  
All Wool Pom Pom Coats,  
lined throughout. Colors  
Navy, Green, Burgundy and  
Gold. Sizes 6 to 14 years.  
\$12.50.

## Reductions Start the Month of November and Every Department in the Store Is Affected

### Reductions

Women's Suits  
formerly to \$69.50

\$39.65

The finest, most exclusive suits in our stock—broadcloths, silvertones and suede velours—many richly fur-trimmed and all superbly lined. Every seasonable shade and only one of a kind. Bargains!

Other Suits Now  
\$18.85 \$24.75 \$29.75

### Reductions

Silk and Serge  
Dresses \$14.75

A limited lot of decidedly attractive all-wool serge dresses and silk dresses, as well as a few in combinations of silk and serge. Extraordinarily low priced at this figure.

### Reductions

Coats \$28.75

An even twenty luxurious coats of superior suede velours—Kit Coney collar and a wide six-inch band around the bottom. All new shades—all 50 inches long—all lined.

### Reductions

Women's Coats  
formerly to \$65

\$39.65

An extraordinary special group of coats of bolivia, suede-velour, broadcloth and novelty weaves—some with large fur collars—super quality coats in every detail.

Other Coats Now  
\$12.95 \$16.50 \$19.75

## Men! Your New Suit or New Overcoat

### Suits

Suitable suits and overcoats for men of all types and all ages.

Foppishness knows no place in this clothing stock. Late styles—yes—but extremes are as out of place here as a dress suit at the movies. Conventional correctness, however, is an outstanding feature—expressed in the new double breasted suits, the pinch back models and the athletic English styles.

Not Special, But Extra Good Value  
\$15, \$20, \$25, \$30 to \$40

### O'coats

The Belted Trench Model, the topper, the knitted style, and the long ulster effect.

Here are overcoats—expensive ones, too—any one of which you may be proud to have for an everyday companion. They are the kind that you would willingly introduce to your friends—for they are representative in every respect.

## The Hats that Men Want

To be properly hatted means merely to choose any of these new fedoras—broad or medium brims in any conservative shade—taupe, olive, navy, black or the colors that are modified by a grayish tone.

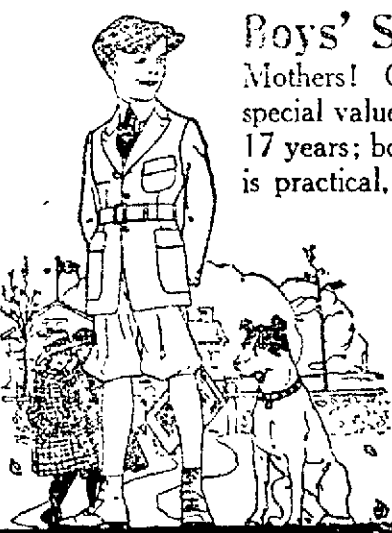

They're \$3 and \$3.50

and Stetsons are \$4.50 and \$5, with the featured "Stetsonian" priced reasonably at \$3.

## Special 95c Men's Shirts

Identically the same in appearance and wearing qualities as those that sell at much higher prices. Madras, chambray and soisette shirts—all latest patterns—all with soft cuffs—at a very special price for Saturday.

## Boys' Suits—One-day Offer \$4.85. Others!

Boys' Suits, 2 Pairs Pants

Mothers! Get the full significance of this special value. Norfolk models; ages 6 to 17 years; both pants full lined; a suit that is practical, serviceable and, considering present-day costs, its price is extraordinarily low.

This price for Saturday only \$4.85

**S. N. WOOD & Co.**

## Want Ads

This October, over October 1916

NOTE—Sunday is a big day, equal to 2½ week days. There were five Sundays last year, only four this year, yet the public of Alameda County has helped us "over the top."

The next paper in Oakland lost 10,080 lines.

## SESSION SCORED

NEW YORK, Nov. 2.—A resolution recommending to the Federal Government "a more vigorous prosecution of all who abuse the privilege of citizenship or misuse the shelter afforded them by this country," has been adopted by the Chamber of Commerce of the State of New York.

Expressions of "unpatriotic and seditious sentiments" in public speeches and in print by men in public office in what seems to be a total disregard of their duty to the United States, has been observed with increasing concern, the resolution says. The most notable of these cases, it declares, are those of United States Senator La Follette and Morris Hillquit, the latter the Socialist candidate for mayor here.

## VOTE NEW LAW

LINDSAY, Nov. 2.—Less than a score of negative votes were cast at the special election to determine upon the adoption here of the Wylie law. Wylie Lindsay has been dry for six years, the saloons here have been closed since the city was under local ordinance and the stricting the sale of liquor. Convictions in justice court had been found difficult because of local prejudices against city officers.

## HOT CAKES KILL

RIVERSIDE, Nov. 2.—About J. Schneider, 89, Mrs. Albert J. Schneider, 83, and their son, Albert J. Schneider, Jr., 36, are dead after having eaten hot cakes prepared for lunch by Mrs. Schneider, who accidentally used a metal polisher instead of common salt in preparing the batter.

## STOCKS AT LOW LEVEL OF YEAR

NEW YORK, Nov. 2.—Leading standard representative stocks listed on the stock exchange were today with few exceptions at their lowest value of the present year. Since January 1 the speculative value of America's greatest steel and industrial enterprises and its railroads have dropped an average of 35 points and in some instances as much as 60.

Bethlehem Steel common stock alone has fallen 43 points from its high figure of 116 while the class "B" stock of the same concern has dropped 80 points.

United States Steel common, which is generally conceded to be the greatest corporation of the country, has fallen over 70 points and yesterday closed at the low

## BALL AND WHIST

Plans have been completed for the grand ball and whist tournament that will be given tomorrow night in Jenny Lind hall, 2229 Telegraph avenue, by the Swedish Ladies' Society. The affair is for the benefit of the society and will increase its fund for benevolent work. On the committee directing the affair are:

Misses Claire Stevenson, Eldred Hanson, Ellen Anderson, Agnes Allen, Lillie Carlson, Ruth Malmquist, Edna Gustafson and Ingeborg Johnson.

## STANFORD RUGBY OPENS TOMORROW

SANTA CLARA, Nov. 2.—The gridiron of Stanford University, Palo Alto, will be the scene tomorrow of the first of the two big rugby games to be played by Santa Clara University during the present season. The rival teams will be the freshmen of the Stanford University and of Santa Clara, and the game will be called promptly at 2:30.

The Stanford line-up has already been announced and published, but owing to some contests for positions among the Santa Clara fifteen, it may be changed.

## HIGH COSTS IS CHARITY PROBLEM

A new problem, that of the family whose income has fallen so far behind the rise in commodities that there is no means of keeping out of debt, is being presented to the Associated Charities in number of appeals, according to Miss Grace Graham, secretary of the organization here.

In the past the appeals to the Associated Charities have been those of women whose husbands have died, leaving the family of the breadwinner, of cases where illness has cut off the income or has brought bills so heavy as to put the family behind in the payment of bills.

## STUDY RAILROADS

SAN FRANCISCO, Nov. 2.—Federal incorporation of railroads and the establishment of regional federal commissions would be no improvement over the present method of control through State Railroad Commissions, according to Max Thelen, testifying before the Joint Committee on Interstate Commerce at its first session. The commission is in California to ascertain the views of public

utilities commissions and commercial bodies as to the future of the railroads. The scope of the inquiry of the commission is made clear by Senator F. G. Newlands, chairman, who states that the commission wishes to hear the testimony of all organizations and individuals interested in the transportation of problems of the Pacific coast. He further said that the commission would consider the question of the feasibility of government ownership of public utilities engaged in inter-

## POLICE HOLD TWO

SAN JOSE, Nov. 2.—Manuel Boyas, white, and Charles Weathers, colored, are held by the police. Weathers said that Boyas had walked up to him and tried to sell him a motor auto robe for \$2 just before the arrest. He said he had never seen Boyas before. State commerce, such as railroads, telephone and telegraph lines, express companies and oil lines.

## NOTICE

**Lem Williams' Millinery Store**  
Located for the Past Year at 560-564  
Fourteenth St., Bet. Clay and Jefferson  
**Will Close at 9 o'clock Every  
Saturday Evening**

Today there are few cases of unemployment, but a new class of applicants has come into being. These are the cases of men earning from \$50 to \$60 a month, continuously employed, but unable, under present conditions, to support a wife and children.

**INCOME DIFFICULTY.**  
There has always been this difficulty of family income failing to come up to the subsistence level in a number of instances, but heretofore the families have struggled along, when the breadwinner was regularly at work, and have tried to make ends meet without applying to the charity organization for help.

"They hate to come to us," said Miss Graham. "They do not want to ask for help, and this class has not in the past been in the habit of doing so. It is a new problem to us, and we are meeting it in each instance as best we can."

In each instance the Associated Charities workers have gone into the home, studied the family budget, reduced any possible causes of waste, and have acted as advisors. But at the lowest possible maintenance cost, as estimated by Professor Myer E. Jaffa of the state university and Dr. Jessica Flexotto, the amount earned is not sufficient to keep pace with the current needs.

**ESTIMATES ARE MADE.**  
These estimates, based upon the use of the cheapest foods that give the necessary nourishment, fix the minimum cost of feeding a man or boy over 13 years at 35 cents a day; for a woman or girl over 13, 30 cents; for a child from 9 to 13, 25 cents; for a child from 5 to 9, 20 cents; from 2 to 5, 15 cents, and for babies under 2, 15 cents. Fuel costs approximately \$3 a month at a minimum and light, whether electricity or coal oil, \$1.50. There is then rent and clothes to be considered. The latter running to \$6.20 for a man, \$6.15 for a woman and \$2.75 for a child up to 12 years, and including shoes, stockings, under and outer garments. This minimum is rarely attained, however, as castoff clothes are used to fill in the gaps in the clothing supply. With a family of five or six or more, Miss Graham says it is impossible to meet current expenses.

Flour and groceries to place out have been ordered by the Associated Charities in some instances to help out, while in others the milk bill or some other current expense has been met to relieve the situation.

Reports have been received from other parts of the country that a similar condition exists, and that the local organizations are puzzled as to what solution is possible in the long run to meet the problem.

## INVO OFFICIAL, DISLOYAL, QUILTS

BISHOP, Nov. 2.—Confronted by evidence of his disloyalty to the United States, John Lubkin, chairman of the board of supervisors, member of the County Council of Defense and wealthy stockman, has admitted charges that he had bitterly condemned the governors of pro-German and disloyal utterances by Lubkin first became prevalent about a month ago. On account of his prominence and because of the positions of trust he held, they aroused intense interest throughout the county.

**DRAMATIC CONFESSION.**  
The confession came at an intensely dramatic meeting of the county council held at Independence. After affidavits giving specific instances of disloyal utterances had been read, Lubkin, who is of German parentage, broke down and asked that he be allowed to resign. He admitted he had disgraced himself and his family and pleaded that he be allowed to live in the country which has been his home for many years.

His resignation from the County Council of Defense will go to Governor Stephens, that to the board of supervisors will be presented at a meeting of that body to be held next week. The news of pro-German and disloyal utterances by Lubkin first became prevalent about a month ago. On account of his prominence and because of the positions of trust he held, they aroused intense interest throughout the county.

Last week in response to requests from the County Council of Defense and the Patriotic League of Inyo County, the Department of Justice sent a representative to make an investigation.

Lubkin is an old-time resident of Inyo county, and has accumulated a fortune in the cattle business largely through grazing permits in the Sequoia forest reserve granted him by the government. He was serving his second term on the board of supervisors and had been its chairman two years. His home is in Lone Pine, the mountain town at the foot of Mount Whitney.

**BAR HIGH HEELS.**  
COPENHAGEN, Nov. 2.—The wearing of high-heeled shoes by women street-car conductors in Berlin has been prohibited in consequence of the accidents in which women conductors have been killed or injured.

## BEATING THE SUBMARINES.

Most encouraging is the report of the British Admiralty that between 40 and 50 per cent of the German submarines operating in the North Sea and the Atlantic and Arctic oceans since the beginning of the war have been sunk, and that during the last quarter the Germans lost as many submarines as they did in the entire year of 1916. This is the zone patrolled by the British and American naval forces. The record shows they are making substantial progress against the undersea pirates.

The statement of the British Admiralty, while not definite as to the exact number of submarines in operation or put out of action, shows a percentage of destruction which the enemy cannot indefinitely withstand. It helps to explain to a considerable extent the decrease in shipping losses due to submarines and also the mutinies among the German sailors.

It is not in the Teutonic nature to take an equal risk with an antagonist. So long as the submarine crews were in little danger of being successfully attacked by naval vessels and the gun crews of the merchant ships, they were willing to murder in any measure of wantonness, but the assassins will not take the 50 per cent chance of being sent to the bottom of the sea for very long without protest.

Moreover, the effectiveness of the allied forces against the submarines is steadily increasing and the rate of destruction will soon be, if it has not already reached that point, greater than the power of Germany to replenish. Offensive action against the submarines is winning. It should be pressed with ever-increasing vigor.

## NO CAUSE FOR GRIEF.

The butter board of trade of Elgin, Illinois, has been closed for the period of the war in accordance with an agreement with the federal food administration. Suspension of this remarkable "fiction factory" may prove of such benefit as to lead to its permanent abandonment.

For several decades a little group of men, representative of a small Illinois district of the dairy business, has met daily and fixed the market price of butter. Their acts have always been arbitrary, not having followed even the formality of surveying the causes which should provide the motives for legitimate price fixing. Speculative trading and buying was not even a factor in their decisions. Yet their mandates have been faithfully obeyed by the dealers throughout the country and the consumers have had to stand the cost.

It has long been recognized that the Elgin butter board of trade and the slavish, though profitable, obedience of the dealers throughout the country to its whims and fancies is one of the romantic jokes of American business. It will be worth while to see if the country cannot get along without it. Perhaps each locality will be able to devise a legitimate method of arriving at the proper wholesale

and retail market price of butter and other dairy products by using the conditions in their respective territories as a guide.

## DRAFT BOARD EXAMINERS.

Many complaints have been filed by and in behalf of the men who were drafted into the national army, passed by the local examining boards, sent to the training cantonments and then rejected by the army surgeons after several days' inspection and "overhauling." As this fate relates to the individual, it is severe and a reasonable cause for grumbling. Many of the boys gave up their jobs when they were ordered to report for duty; some of them disposed of their civilian clothing, while others had their trunks and wardrobes rifled by the younger brothers who remained at home. Their whole normal program was abandoned completely in anticipation of a long term of military service.

But notwithstanding that the position of the men thus rejected is temporarily annoying and even distressing, it is to be looked upon as an unavoidable misfortune, and should be borne cheerfully. It is entirely out of place to censure and malign the local examining doctors attached to the several district draft boards.

These doctors almost without exception performed their duties in a conscientious manner and did the best they could. The fact that the final rejections by the army surgeons at the cantonments is only 7 or 8 per cent of the arrivals is the best evidence of the thoroughness of their work. The post army doctors have facilities for testing and observing candidates for service which were not at the disposal of the examiners of the draft boards. They may hold a doubtful candidate under observation as long as they elect, in the meantime conducting bacteriological tests and keeping clinical records. The volume of work and the short time at the disposal of the local doctors prevented such exhaustive examinations.

In several cases the local examiner may have had some doubt as to the physical fitness of drafted men, but he quite properly gave Uncle Sam the benefit of the doubt, knowing that any mistake would be corrected by the army surgeons. It is much more satisfactory to hear complaints against the liberality of the draft board doctors in passing men than charges that they aided men to escape their military duty.

This is doubtless the way the doctors feel about it, and they should go ahead with their work in the future with the knowledge that the government and the public approve the record they have made so far. On the other hand, the rejected men should take their misfortune as a part of the game and in the best interest of the country.

Their former employers surely will stretch every effort to give them their positions again and help to make up the loss they have sustained.

The following is from the New York Nation: "It is gratifying to read that President Wilson is having his portrait painted by John Sargent. The present generation of Chief Executives, Roosevelt, Taft and Wilson, are fortunate in being handed down to posterity by genius, instead of suffering misrepresentation at the dull hand of mediocrity. Our early American fathers had the benefit of Houdon, Stuart, Copley, Trumbull and Peale, who gave us a gallery of true Olympians. But since that Augustan period there has been a singular aridity in our portraiture. The controversy about the Barnard Lincoln would not now be raging had the Emancipator had a great painter-biographer to sit to. Unlike Whistler, Sargent, in spite of his residence in England, has never lost touch with things American, and has always dedicated a certain percentage of his work to America. In President Wilson he ought to find one of his best subjects. He is to have a full week of sittings, which is a long time for the Sargent who was said to have dashed off a baker's dozen of portraits in less time."

A \$1,000,000 factory of the American Oak Company will be shortly established on the Oakland estuary. It will bring 1,000 additional industrial workers to the east bay.

## NOTES and COMMENT

All these extra war taxes went into effect yesterday. A great many things that you do and have been in the habit of doing without let or hindrance are now laid under impost. It is one of the first direct effects of this war that has been felt by civilians this far removed from the zone.

Mistletoe famine, according to the San Diego Union: "The supply of mistletoe in the San Diego back country is said to be far below par this year. With a mistletoe famine promised, the average young man might just as well kiss her good-bye right now and get into a training camp before Christmas."

What of the Fresno Mirror: "If our delinquent subscribers had come to time we should have been able to buy another Liberty bond."

One thing is manifest: Because of this war the American people are "mixing" more than their normal wont, and at that they are pretty good travelers. Here is a big party of national lawmakers going to Honolulu to see how it is, and our soldier boys are making the European trip wholesale.

On the first instant went into effect the new law which prohibits the manufacture, sale or giving away of liquors within the District of Columbia. The law does not prohibit bringing in liquor for one's personal use, but treating a friend to a private nip is strictly verboten. Altogether new conditions confront the lawmaker and other sojourners at the national capital.

Foreign news from the Santa Ana Blade: "Maximilian Harden approves the Kaiser's answer to the pope. Max is tired of staying in jail and has decided to become a 'yes' man for a while."

A price boost in Redding is explained by the Searchlight: "The secretary of the Bootblacks' Union in Redding is authority for the statement that the increase to 15 cents for a shine is due to a raise of freight rates on blacking to this city."

An unpleasant fact is being realized in the growing frequency of the use of explosives in wreaking vengeance or accomplishing crime. The number of those who resort to the bomb as a handy method to accomplish sinister designs is increasing.

The visiting Senator who saw no need of an Ad Club for California, "for Californians are a great people, and they know it," meant it all right, and after all, what is meant is the thing.

The second Liberty Loan drive is over, but another Red Cross drive is on. It may be said that nowadays life is just one drive after another.

From the Covington (Ind.) Republican: "The Rev. Eli Perkins called on the Women's Sewing Circle yesterday and they mended his trousers while he waited."

The Mercury-Herald complains: "San Jose observed its 140th birthday Monday without the secret having leaked out to any great extent." We had no idea San Jose is that old. She doesn't look it.

The picture of the man urging workmen to strike and concealing his features with a mask, which fails, however, to hide a helmet with a spiked top, is expressive of much.

A reporter on the San Diego Union is piqued at Billy. "The Rev. Bill Sunday has a poor memory. I took breakfast with him during an interview when he was here to attend the Exposition two years ago. And yesterday, when I was covering the exercises at the stadium for this paper, I had to introduce myself all over again. Stealing so many thousands of people along the 'sawdust trail' has evidently impaired the evangelist's ability to remember faces."

## SPIRIT OF THE STATE PRESS

Many of the turkey growers in this county are preparing for the Thanksgiving season and are moving 40 cents a pound for undressed birds. If this price maintains next month, and there are indications that it will, many a Thanksgiving menu will be made up with tripe and pickles, for 40 cents for one pound of turkey is acknowledged to be some price.—Ukiah Press.

Federal investigation has declared that in San Francisco a family of five can live on \$9.12 a week, which is less than is required to support a family of like size in the other cities of the union. The menu that can be provided with \$9.12 per week, is designated as "not very palatable," and it is unfortunate that we are not apprised of just what it consists.—Bakersfield Californian.

We had hoped that the Wisconsin question was asleep until the next session of the legislature, but it has moved in San Francisco, in an anti-visitation ordinance proposed to the board of supervisors, and one exciting hearing has been held before the health committee of the board. If the ordinance passes, the Hooper Foundation for Medical Research will have to close its doors; the laboratory work of the State Board of Health and of the medical departments of both universities will have to stop or move to Berkeley, and even the epoch-making work which seems to be just on the verge of a specific remedy for tuberculosis will be jeopardized.—Fresno Republican.

A big shipment of prunes was sent out of this city today by John S. Sweet & Sons. The shipment was consigned to the California Prune and Apricot Growers, Inc., and consisted of thirty tons. One of the features of the transaction is that the prunes were all grown in this county, and the picking was done chiefly by women and the school children of Martinez.—Martinez Standard.

"So! You're going to make the world safe for Democracy, eh?"  
"Yes, But first I'm going to make it Unsafe for Autocracy!"

## WHAT IS DEATH?

What is Death?  
'Tis but a changing,  
Through the Eternal God's arranging,  
Of a coarser to a finer,  
From a lower to a higher  
As we journey on.  
Thus the trees and flowers  
Every year their leaves exchanging  
Grow each season to a beauty more  
amazing;  
Proving we may Trust the Great Re-  
finer,  
Him who's the Ideal Designer,  
The One who can the finished pic-  
ture look upon.  
If He so clothe the Fields,  
And of each Birdling's song He notes  
the raising  
If in each man there is this "crav-  
ing,"  
If in all matter there's Divine Desire,  
And nothing can be lost, not even his  
Fire—  
Surely, Man's Soul must go forever  
on.  
—Clara Chamberlain McLean in No-  
vember Nautilus.

At the present time elephants are found only in India and Africa, but in past ages, like other huge animals, they roamed all over the northern hemisphere, even in the Arctic re-  
gions.

## TODAY 20 YEARS AGO

District Attorney Snook held that life diplomas granted to teachers were illegal.  
Protest was filed with the Board of Supervisors against the water rates of the Contra Costa Water Company.  
Superintendent McClymonds re-  
ported to the Board of Education that the high school attendance had been decreased to forty students.  
Mr. and Mrs. George Henschel, noted singers, started a series of con-  
certs in Oakland.

## GRAVE OF JAMES MCCONNELL

An American serving in the Amer-  
ican Ambulance in France writes:  
"On my way back to the front from  
a hospital the other day in a  
pouring rain we passed a grave on  
the roadside, with three American  
flags on it. We stopped the car, went  
back, and whose grave should it be  
but James McConnell's of the La-  
fayette Squadron, killed last March.  
It was on a lonely country lane that  
we had taken for a short cut and it  
certainly was a forlorn sight. It was  
piled up with broken parts of his  
machine, the propeller was in kind-  
ling wood, with many bullet holes  
through it, and the rapid fire gun all  
bent and twisted."—Red Cross Mag-  
azine.

## THE JESTER

Ball Met His Match.  
Sir Robert Ball, the famous  
astronomer, was dining with a num-  
ber of scientists at a quaint Stratford  
Inn. Sir Robert was full of fun and  
at the end of the dinner he said to  
the landlady: "Madam, have you  
ever heard of the great Platonic year  
when everything must return to its  
first condition? Listen, madam! In  
26,000 years we shall all be here again  
on the same day and at the same  
hour, eating a dinner precisely like  
this one. Will you give us credit till  
then?"  
"Gladly," replied the landlady. "It  
is just 26,000 years since you were  
here before, though, and you left  
without paying me for your dinner."  
"Oh, yes," said Sir Robert, "I'll  
pay you for the new."  
—Boston Transcript.

An Island.  
"Chimney, what's an island?"  
"Why, it's a place you can't get  
away from without a boat."—From  
"Fun and Fact," in the People's Home  
Journal.

Deep Reading.  
"I've been advised to read some-  
thing deep. What can you recom-  
mend?"  
"Well, there's Twenty Thousand  
Leagues Under the sea!"—Exchange.

## THE BANKING SYSTEM OF JAPAN

In view of the presence in Calif-  
ornia of the special financial commission  
of Japan to investigate business and  
financial conditions on the Pacific  
coast and to join in discussions with  
business men and financiers of  
methods of increasing the commer-  
cial intercourse between Japan and  
the United States, the following arti-  
cle on Japanese banking, reprinted  
from United States consular reports,  
is reprinted as of timely interest.

The modern banking system of  
Japan dates from the year 1872, when  
in 1872 of the National Banking  
Regulations, which were modeled on  
the national bank act of the United  
States and provided for the conver-  
sion of national bank notes into  
specie. Ten years later the pro-  
cess of issuing notes was taken away from  
the national banks and given to the  
newly created Bank of Japan, and as  
the charter of most of the national  
banks expired they continued in  
business as private banks. By 1893,  
when the national banks had ceased to exist  
as such, their places having been  
taken by banks organized under special  
acts and by so-called ordinary  
banks operating under the ordinary  
bank regulations promulgated in  
1893.

This license is required for the estab-  
lishment of a new bank or the con-  
solidation of old ones, and he may  
at any time order an investigation of  
any ordinary bank. These banks  
must also make semi-annual reports  
similar to those required by the  
American Comptroller of the Cur-  
rency and must publish their reports  
in the newspapers and otherwise.

The country organized under regulations  
promulgated in 1893. These, as well  
as the ordinary banks, are under the  
control of the Minister of Finance.  
They must be joint-stock companies  
and their directors are under un-  
limited liability with respect to the  
obligations of the bank incurred dur-  
ing their terms of office. Two years  
after the end of their terms they are  
released from this liability. Savings  
banks must provide themselves with  
interest-bearing national or munici-  
pal bonds to one-fourth the amount  
of their deposits and place them in  
the deposit section of the Depart-  
ment of Finance. After this guar-  
anty fund reaches one-half the  
bank's capital it may use approved  
company debentures and commercial  
paper for securing additional de-  
posits.

The Central Bank of Japan was  
organized in 1892 as a joint-stock  
company with an authorized capital  
of 10,000,000 yen, which has since  
been increased to 20,000,000 yen, of  
which 17,500,000 yen have been paid  
up. In 1892 it received the monopoly  
of issuing notes. These notes may  
be issued against gold and silver  
coin and bullion, Government bonds,  
and treasury bills, and when neces-  
sary against approved non-Govern-  
ment bonds and commercial paper,  
but the issue of notes not covered by  
specie and Government securities  
must not exceed 120,000,000 yen  
(\$29,750,000) except in great emer-  
gencies, when the issue above this  
amount is taxed at 10 per cent. At present  
the reserve against outstanding  
notes is almost 100 per cent specie,  
the notes outstanding amounting to  
425,592,225 yen and the specie re-  
serve 411,988,350 yen.

In addition to the issue of notes,  
the Bank of Japan is empowered to  
discount or purchase Government  
bills, bills of exchange, and com-  
mercial bills; buy and sell gold and  
silver bullion; make loans on gold and  
silver coin and bullion; collect bills  
for banks, companies, and merchants  
who are its regular customers; re-  
ceive deposits and the custody of  
valuable; make advances on current  
accounts or loans for a fixed period  
on security of Government bonds,  
treasury bills, and other bonds and  
shares guaranteed by the Govern-  
ment. It is also entrusted with the  
management of the Government  
treasury receipts and disbursements.  
In practice the Bank of Japan does  
little deposit or loan business, out-  
side of Government transactions, ex-  
cept to rediscount for other banks.

## FOOD DRIVE ENERGETIC

### EAST BAY IS HANGING ITS RECORD HIGH

With thousands of food pledges pouring in, Alameda county again takes its place as the banner patriotic county of the State. The Mobilized Women's Organizations of Berkeley, of which Mrs. Frederick T. Robson is chairman, was able to report this morning that 11,061 food pledges had been actually counted at the end of the big day's "war candles" and sheetlets take today and tomorrow to complete the tabulation of the complete returns. In the food campaign of the mid-summer the Berkeley unit of the National and State Council of Defense made a record of 1000 signed pledges. It is estimated that fully 90 per cent of the households of the college town will have joined the conservation army before the end of the week. Mrs. Douglass W. Ross is in charge of headquarters in city hall to which Mrs. Lewis A. Hicks, general of the Berkeley Woman's Army, and her captains are reporting at regular intervals.

In addition to the splendid total, thousands of Berkeley school children have signed the administration food pledge, 450 students from one school uniting in their promise to eliminate waste in luncheons and to substitute "war candles" and sheetlets for the sweetmeats of former days, that the quantities of sugar may be released. However, these pledges are segregated from the adult pledges and no announcement is yet made of the complete school returns.

**GROCERS ASSISTING.**

The grocers of Alameda county are lending their full co-operation to the food administration. The Retail Association having sent out to all their members a communication suggesting window displays of meat, wheat and fat substitutes, beginning this month.

### Pledge Card for U. S. Food Administration TO THE FOOD ADMINISTRATOR:

I am glad to join you in the service of food conservation for our nation and I hereby accept membership in the United States Food Administration, pledging myself to carry out the directions and advice of the food Administrator in my home, insofar as my circumstances permit.

Name \_\_\_\_\_  
Street \_\_\_\_\_  
City \_\_\_\_\_ State \_\_\_\_\_

There are no fees or dues to be paid. The Food Administration wishes to have as members all of those actually handling food in the home.

Anyone may have the Home Card of instruction, but only those signing pledges are entitled to Membership window Card, which will be delivered upon receipt of the signed pledge.

Send to FOOD PLEDGE EDITOR, OAKLAND TRIBUNE.

The Butchers' Association of the county are also considering featuring a "Meatless Day."

Two hundred members of the Rotary Club yesterday signed the cards which made them recruits in the conservation army, with as many men representing the Chamber of Commerce lending co-operation to the homemakers of Oakland. The precinct workers are still engaged in the house-to-house canvass, but no definite figures are as yet being ordered from the Oakland headquarters. Mrs. Charles D. Haines and Mrs. Carrie Sterling are directing the district work.

This afternoon at Hotel Oakland there was a meeting of the delegates from the organizations which make up Oakland unit, Council of National and State Defense, who listened to Mrs. Thomas Mitchell Potter in a food conservation address. Mrs. E. W. Owen presided as chairman.

**PROBE ALLEN EFFORTS.**

German propaganda against the food pledge campaign will be the object of an immediate investigation by the Federal authorities. Ralph Merritt yesterday having turned over names of persons suspected of activities in hampering the drive. Reports have been circulated that the government intends to confiscate household food of all who sign the pledge. In a telegram Herbert Hoover says, "The absurdity and wickedness of such statements are obvious, and aside from the fact that the government has no intention of doing anything of the kind, it has no power to do so by law, and the attention of the prosecuting authorities is being called to the persons circulating these reports."

### TRANSBAY MAIL SENT TO OAKLAND

Oakland has become popular with San Francisco, and as a result the local post-office is swamped.

The reason? The new postal laws, which went into effect at midnight, applied to letter postage. All morning stenographers, clerks and messengers from the sister city across the bay have been bringing great handfuls of letters to the office, destined for local delivery. The charge in San Francisco would be three cents a letter. On this side it is two cents, the local delivery rate. San Franciscans, by sending their mail to Oakland, save one cent a letter. But they are putting the postoffice "out of business."

Postmaster J. J. Rosborough calls attention to the mistakes which are occurring in stamping mail and which have added to the complications. Under the new rules, which have made provision for a war tax on mail matter, all letters of the first class destined for delivery in Oakland, Piedmont, Emeryville and San Leandro and mailed in Oakland or the above towns, can be sent for two cents. The three last named towns are within the local postoffice delivery limits and under the postal regulations, mail can be sent to or from them under the old rate of two cents.

Outside of Oakland, Piedmont, Emeryville or San Leandro the rate is three cents on mail to any other point in the United States. Mail from Oakland to Berkeley or vice versa is three cents. The same holds true to Alameda, San Francisco or any other California point. A misunderstanding of this difference has caused thousands of letters to come into the local postoffice destined for local delivery with three cents instead of two cents postage on them, according to Postmaster Rosborough, or a waste of local concerns, in order to avail themselves of the two-cent rate which ceased at midnight, boarded the local postoffice with mail matter yesterday. As a result, with additional men on duty, the cancellation machines handled 288,645 letters in a space of a few hours.

### POISON STAMPS CAUSE FLURRY IN SANTA ROSA

SANTA ROSA, Nov. 2.—Rumors that "poison stamps" had been circulated by enemy agents among residents of this vicinity caused considerable excitement in Santa Rosa today. Many inquiries were made at the postoffice regarding the matter. The reports are that postage stamps cumulated with a substance containing germs have been prepared by enemies for distribution in the war poison core-plasters were distributed recently.

One woman here turned over to the postmaster fifteen 2-cent stamps which she said she had received anonymously.

### FINNS TO BE FREE?

HELSINGFORS, Finland, Nov. 2.—Direct steps for Finland's independence were started by drafting a bill in the Finnish senate today proposing that this body elect a president of a Finnish republic.

Petrograd despatches on Monday asserted that the Russian government had cut off all governmental revenues heretofore sent to Finland on account of the "growth of autonomous spirit there."

### 2000 NURSES GO

WASHINGTON, Nov. 2.—About 2000 Red Cross nurses already have been sent to Europe. Red Cross headquarters announced today. Fifteen thousand nurses have been enrolled, a number elected as sufficient for an army of a million and a half men. Approximately 1000 nurses are being added every month.

**NEW TEST STATIONS.**

In order to facilitate the testing of automobile headlights, additional stations have been established in Merrose district and at the northern station by the traffic bureau of the police department under direction of Corporal Joseph Wallman.

or put in new main spring  
for \$1.00. Work guaranteed  
for one year.

### ASK SHIPPERS TO LOAD CARS TO CAPACITY

Complaining that shippers of potatoes in California are not loading their cars to capacity, Herbert Hoover today sent the following telegram to Ralph P. Merritt, federal food administrator for California this morning.

"The very serious shortage of cars and cold weather require shipment of potatoes from California at the maximum capacity of cars. I am informed that shippers of potatoes are failing to load cars with the greatest number of pounds possible. This matter requires instant attention and the widest publicity."

The federal Department of Agriculture estimates the potato crop this year 467,000,000 bushels. This is 100,000,000 bushels more than the average crop and 200,000,000 more than the 1916 crop.

Administrator Merritt said this morning that the shortage of cars has begun to make itself seriously felt by the food administration.

"The grape growers alone lost over \$1,000,000 in this year's crop due to a shortage of 1500 cars. Three thousand cars were required to remove the crop and less than 1500 were obtainable. Growers and shippers must load cars to the fullest capacity."

### DOG BITE IS FATAL

KANSAS CITY, Nov. 2.—Fanny Schuler, the 7-year-old daughter of Mr. and Mrs. Joseph E. Schuler, 204 Indiana avenue, was taken to the General Hospital yesterday after she had developed rabies from a dog bite. Her condition was reported to be dangerous and slight hopes are held for her recovery.

The Schuler girl was one of seven children bitten by a road dog last September. All were given the Pasteur treatment. Edward J. Cahill, 3 years old, of 447 North Hardesty avenue, one of the victims, died yesterday at the General Hospital.

**LET US REMEMBER**

That the food animals of the Allies have decreased by \$3,000,000 head since the war began. At the same time the needs increased.

The allied armies and our own soldiers must have meat.

If we must save our own source of meat per person per day, we can solve the problem.

Observe meatless day on Tuesday and use less meat on other days. This means a sacrifice, but it will be a small one for those who stay at home.

We must not forget that our soldiers are offering their lives in that becomes necessary to win the war.

Let us make another record in this important effort—the conservation of food.

STATE COUNCIL OF DEFENSE.

All for \$4.95

**Breuners**  
Clay Street, at 15th, Oakland.

## A TREATMENT FOR NERVES

Woman Tells How Lydia E. Pinkham's Vegetable Compound Helped Her.

West Danby, N. Y.—"I have had nervous trouble all my life until I took Lydia E. Pinkham's Vegetable Compound for nerves and for female troubles and it straightened me out in good shape. I work nearly all the time, as we live on a farm and I have four girls. I do all my sewing on other work with their help, so it shows that I stand it real well. I took the Compound when my ten year old daughter came and it helped me a lot. I kept it in the house all the time and recommend it."—Mrs. DEWITT SINGEBAUGH, West Danby, N. Y.

Sleeplessness, nervousness, irritability, backache, headaches, dragging sensations, all point to female derangements which may be overcome by Lydia E. Pinkham's Vegetable Compound.

This famous remedy, the medicinal ingredients of which are derived from choice roots and herbs, has for forty years proved to be a most valuable tonic and invigorator of the female organism.

**Resinol**  
keeps skins clear  
in spite of everything

The smoke and dust of city life, the sun and wind of the country, the steam and dirt of housework—all spell ruin for good complexions. But the regular use of Resinol Soap, with an occasional application of Resinol Ointment, keeps the skin so clean, clear and fresh that it simply cannot help being beautiful.

All drug stores sell Resinol Soap and Ointment. Why don't you begin using them?

## FOR SEVEN YEARS

N. Peko of 618 Eighteenth St., Oakland, worked for the doctor for all the money he could spare and more, too, went to them. He was a sufferer of stomach trouble. The doctors failed to help him and advised an operation. This Mr. Peko refused to do. Finally he was induced by one of Dr. W. O. O'Sullivan's patients to come to us. IN SIX WEEKS ONLY HE WAS CURED. He is working every day and has gained 20 pounds.

Dr. Peko will gladly verify all this. DON'T HESITATE IF YOU ARE ILL. A Consultation and Diagnosis Costs You Nothing.

Office Hours—9 to 5; Sundays, 10 to 12.

## MOTHER'S BRAN BREAD

It combines the nutritive-value of bread with the health-value of bran.

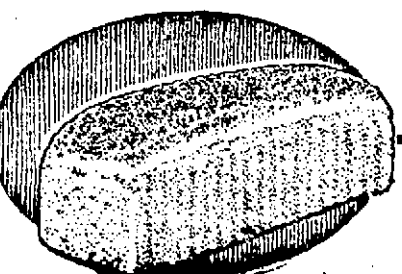

Many a dull day—many a headache—many a bad complexion—can be traced to wrong diet. Your body needs a certain amount of bulk or "roughage" to do its work efficiently.

Nature has provided an ideal laxative for this purpose. It is bran—your doctor will tell you so.

You find it—in most appealing form—in Mother's Bran Bread.

At your delicatessen and grocer's.  
Every loaf automatically wrapped, untouched by hands

California Baking Co.

## "Nothing But Truth" Is Farce Filled With Hilarity

LOLITA ROBERTSON

Max Figman and Lolita Robertson  
Coming to the Macdonough  
in Popular Play.

The hilarious farce, "Nothing But the Truth," that will be seen at the Macdonough next Monday night, with Max Figman and Lolita Robertson, would better have been christened "Nothing But Laughter," but James Montgomery, having given his name to a play that most definitely covers the theme of it, was possibly a better judge than the New York critics who sat in judgment upon it during its year of success at the Longacre theater.

It was the consensus of critical opinion that it was the best farce seen in years. It is a play built upon a simple idea of its hero speaking nothing but the absolute truth for a stated period. He bets a friend \$10,000 that he can do it, and boldly tackles truth to win the money. For a short time the task is easy, but Truth roasts out, old man Trouble, and then things begin to happen. Trouble doesn't seem very large and aggressive when he first polks his nose into the nose of the hero, but he grows rapidly and soon is seen the dealer in truth disrupting the domestic relations of his partner. In fact, Trouble works overtime and reputations that have been unblemished are smirched. Situations that are absurd and complications almost knotted up, all credited to Truth, and the result of the wager to foster and cherish that great virtue from the lips of the man who has espoused the cause of truth to win a wager.

It is a clean, bright farce of well-drawn characters. It is a play offered for laughter purposes only, and comes with the record of a year of continuous success in the metropolis.

The engagement of Max Figman at the Macdonough will be limited to three nights. A matinee will be played on Wednesday.

## SEARCH FOR MAN

Said to have left his wife in almost destitute circumstances and about to become a mother, G. W. Goodman mysteriously disappeared from his home at Watts, California, and the police have been called to search for him here. It is thought that he came to the bay cities. Mrs. A. Hinton, of 305 Robin street, Watts, reported the matter to Chief of Police J. J. Butler of Los Angeles and Chief Butler asked Chief Neiderman to assist in the case.

## 'WATCH YOUR STEP' CATCHY, MUSICAL

A pungent of fashions set to the syncopated rhythm of ragtime dance, is the frothy, buoyant, single-toed three-set musical comedy "Watch Your Step" which quick-timed out into the footlights at the Macdonough theater last night from the studio of Irving Berlin.

There is the barest thread of a plot by Harry P. Smith, which does not obtrude further than is necessary to tie the scattering elements together. There is a chorus of stage beauties that seems to be a Ziegfeld dream come to life—a chorus of curves, carols and capers. Thopping it off is the cast, well-balanced and highly acceptable, that sings and dances through all the intricate mazes of the jingling, twirling, utterly bewitching melodies with which the production is saturated.

Valle Belasco Martin, the little Quaker girl, made her appearance in Oakland a dainty memory. Helen Delaney in the role of the dancing teacher never permitted the capacity house to forget for a minute that the dancing daisy is more beautiful than the wall flower, while Fred Hillman, all angles and comedy, and Charles Gell in character work, satisfied the critical with their particular roles.

Others who appeared were Barnum Halliday, Irving Carpenter, Mildred Stewart, Arthur Cuffy, Tracy Elbert, Mabel Sherman, Gloria Halliday, Frank Combs, Harry Van Posen, Anita Fleming, Laura Brannen, George Collignon, Jack Roberts.

There is swing to the music that sets

the feet to quivering—a swing that follows the baton of Director John R. Eritz through twenty-five complicated numbers and an entr'acte last night was whistled in the gallery and hummed in the pit and when the last dainty ankle had disappeared below the curtain line, the audience took the haunting strains home and tried them on the piano.

SWING TO MUSIC:  
The most attractive of the songs include: "Office Hours," the ensemble number, "Lead Me To Love," "The Minstrel Parade," "Around the Town," "They Follow Me Around," "When I Discovered You," "Settle Down in a One."

## PRISONER LOOSE

Taking advantage of the patrol in charge of the chain gang while working at the western end of Seventh street today noon, Frank Hazen, a prisoner doing six months for a minor offense, took to his heels. Patrolman Charles Nightenale fired two shots at him, but Hazen escaped.

Horse Town, "Chatter, Chatter Caruso," "The show is presented in three acts and nineteen scenes and takes two hours to produce.

## FEEL 100% BETTER BY MORNING—TRY IT!

Get a 10 Cent Box of  
"Cascarets" for Your  
Liver and Bowels.

Tonight sure! Remove the liver and bowel poison which is keeping your head dizzy, your tongue coated, breath offensive and stomach sour. Don't

stay bilious, sick, headachy, constipated and full of cold. Why don't you get a box of Cascarets from the drug store now? Eat one or two tonight and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. You will wake up feeling fit and fine. Cascarets never gripe or bother you all the next day like calomel, salts and pills. They act gently but thoroughly. Mothers should give cross, sick, bilious or feverish children a whole Cascaret any time. They are harmless and children love them.

STOCKS AND BONDS BY WIRE FROM CHICAGO PRODUCE and GRAIN EASTERN & FOREIGN FINANCE

IRREGULARITY IS STILL DOMINANT CLOSING NEW YORK BID AND ASKED

NEW YORK, Nov. 2.—Today's market was again unsettled in spite of the action taken by the stock exchange last evening against dealers in shorts, believed to have been recently augmented by German activities. There were early rallies today of two to five points, but these were largely short-lived, and the market closed with a decline of one to two points.

The following was the course of trading in different periods during the day: Opening—A stampede of shorts at the opening sent prices down one to five points in the initial period.

The first rally of the market was about 10:30, when prices advanced 10 to 15 points, against 10:30, the close yesterday. The market then advanced 10 to 15 points, against 10:30, the close yesterday. The market then advanced 10 to 15 points, against 10:30, the close yesterday.

**Eastern Produce**

NEW YORK, Nov. 2.—Butter firmer, receipts 5,725 tons. Creamery, higher than export, 44 1/2 to 45 1/2; extras 42 1/2 to 43 1/2; firsts, 42 1/2 to 43 1/2; seconds, 40 1/2 to 41 1/2.

Eggs, firm; receipts, 5,811 cases, fresh gathered extra large, extra firsts, 45 1/2 to 46 1/2; firsts, 44 1/2 to 45 1/2; seconds, 42 1/2 to 43 1/2; thirds, 40 1/2 to 41 1/2.

**The Weather**

Oakland and vicinity—Tonight and Saturday rain, moderate winds, becoming southerly. Sunday, fair, moderate winds, becoming southerly. Monday, fair, moderate winds, becoming southerly.

San Francisco—Tonight and Saturday rain, moderate winds, becoming southerly. Sunday, fair, moderate winds, becoming southerly. Monday, fair, moderate winds, becoming southerly.

**Weather Conditions.**

A severe storm is approaching Vancouver Island and southeast coast of British Columbia, and will reach the Washington coast at the mouth of the Columbia river at 10 a.m. on Sunday. It will bring heavy rain and strong winds to the coast, and will be felt in the states east of the Rocky Mountains.

**TEMPERATURE: RAINFALL.**

Place	High	Low	Precip.

# PENNY LIKE PROVERBIAL HEN MOLAR

Penny, penny, who's got a penny? The old saying is true, it is a street wants them. All of a sudden it looks like the much despised little copper cent is about to be made its own.

Since the government war tax went into effect the penny is of more importance than a \$20 gold piece. Better be caught without one's trousers than without a little rusty-looking penny, which is the key to a million things that all the money in the world cannot accomplish without it.

For instance, suppose you wish to send a letter to a friend. You put on a stamp—a two-cent stamp. Does the letter go? It does not. You have to feel around in all your pockets or down in the handbag under the powder puff and dig out Mr. Penny. With his value expressed in stamps, the letter goes on its way.

At the movies you can get in now the

## DEMON RUM TO BE EXPLOITED IN LOCAL SCHOOLS

All the bad things known about Demon Rum will continue to be expounded in the Oakland schools despite the protest of the "Women of Allied Interests," an organization of which Mrs. D. Knabbe is president and W. T. Courtney secretary. Protest was made to the board of education against this course of instruction being carried on in the schools, but the co-operation of the W. C. T. U.

for 5 cents—if you have a penny. The war tax is 1 cent a something or other, and the lady behind the counter broke the sad news as you reach for the ticket. You find out for the first time your nickel is no good. It's the penny they want. Insist on must have. Otherwise you can sit on the curb and listen to the organ, and suck the nickel.

Wherefore, everybody is seeking the lowly penny in his lair. They are luring it forth from its hiding place. Father arises in the dead of night, sneaks Jimmie's bank from the shelf and in the woodshed pries the front off with the family hatchet to get enough pennies to entice him to ride down to work in the morning. Mother raids the toy bank at noon for the extra war charge on her meat bill, and Sister Jane dithers when she wants a package of gum. All Johnnie gets out of it is the satisfaction of knowing that if it had not been for the pennies he had in his little iron bank, the whole world would have halted.

# JURY LETS MERRICKS BEGIN ANEW

The little family of Orlando B. Merrick, who was shot and killed by a jury last night by the jury of the charge of murdering the soldier, Arthur E. Steadman, whom Merrick killed on the night of August 12, believing he had sought to break up his home.

The case was submitted to the jury at 3 o'clock, and the verdict of not guilty was returned at 9 o'clock, after six hours' deliberation.

As the hours dragged along and no report was forthcoming from the jury, the young wife of the defendant, lost her courage and broke down completely. The sister of the defendant, Mrs. Nellie Merrick, who sat in her brother's side throughout the ordeal, felt the strain of the uncertainty and was inconsolable. But if Merrick felt any anxiety he refused to let it be known. He wore the same expression of indifference noticeable throughout the trial, and talked about what he was going to have for dinner and how he proposed to celebrate the occasion.

The only defense set up in the young man's behalf by his attorney, Lin S. Church, was the unwritten law. The shooting was admitted, and Merrick testified emphatically that he intended to kill when he fired the shot. He declared that in his opinion it was not wrong to kill under the circumstances.

He said that the thought of the gun did not occur to him, however, until Steadman had followed him to the hall where Merrick was putting on his coat preparing to clear out and leave the house with his soldier. It was in the hall when Steadman reached his arms toward Mrs. Merrick and said, "Come to me, little girl," that his self-control was lost and he determined to kill the interloper. The soldier died a few seconds after the shot.

Mrs. Merrick testified in her husband's defense, admitting that she had all along deceived him in reference to Steadman, and declaring that she had told only part of the truth when she was questioned by the police on the night of the shooting. The objection of the district attorney prevented her telling to the jury more than she had told her husband concerning her relations with the deceased.

She denied that there was any undue intimacy between her and the soldier, and persisted in her version that on the night of the shooting Steadman came to her apartment intoxicated and wanted to go away. She said she made him some coffee and told him to lie down and sleep so that he could go back to camp sober. She said she was in the kitchen reading when her husband came home, and she opened the door and let her husband in she said to him, "I suppose I can never explain this situation."

Merrick saw the soldier lying on the bed's end when the room darkened, and declared in the trial that his faith in his wife was that moment lost. Merrick said on the witness stand that if he was acquitted he would forgive all and re-establish his home, for the baby's sake.

# DAVIE DRAPES HIMSELF WITH FLAG MAYOR CALLS OPPONENTS "TRAITORS"

Figuratively draping himself with the Stars and Stripes, Mayor John L. Davie last night called down the wrath of all good patriots upon his enemies and declared that any man who sought to recall him in these "perilous times through which the nation is passing" was a traitor to the United States.

The address, the second in his campaign against the attempt to oust him from office, was delivered in the theater section of the Municipal Auditorium and was attended by about 1000 people. The mayor was greeted with applause, and as he scored his enemies, calling them "undesirable citizens" and "degenerates," the talk was punctuated with frequent hand-clapping.

**WORLD CHANGE RECALL.** Commissioner W. H. Edwards followed the mayor with a plea for an amendment to the charter that would so restrict the use of the recall as to make it impossible for the use of paid deputies in obtaining signatures to a recall petition. He praised "Honest John Davie" and his administration, and asserted that he could show that the mayor had saved \$1,100,000 to the city by his administration.

Mayor Davie renewed his attack upon the TRIBUNE, declaring that the report of his speech given in West Oakland Wednesday night was the first time he had been able to "force

the TRIBUNE" to give him a full account of what he had said. The apology for the coarseness and vulgarity of some of the mayor's language as printed last night came in for the derision and sarcasm of Mayor Davie. Throughout his speech, whenever the words "rotten," "filthy" or "hell-hole" were uttered, he would diverge from the subject long enough to say:

"I suppose that is something the TRIBUNE would call coarse and vulgar."

But the mayor carefully read from his notes, for the most part, and avoided the free use of "bloody lie," "bloody cent," "don't care a d—n," which characterized part of his speech in West Oakland the night previous.

**ENDING IS MADE TAME.** Speaking of a notice he said had been sent out by the Chamber of Commerce, he had shouted in West Oakland:

"That's a bloody lie!"

Last night the same story was told, but the ending was tame.

"It is untrue," was the way Mayor Davie put it.

In the conclusion of his speech he laid stress upon the "heavy burden" that had been laid upon his shoulders by the war and told of working night and day in the interests of the people. He said there were secret service agents in the City Council every day watching his notes, and watching what went on, and that they were in consultation with him.

"Didn't I stop that infamous plan of the pacifists to hold a meeting in the City Council?" the mayor demanded. "Haven't I done everything in my power for this country in this hour of peril?"

**WAR BURDEN HEAVY.** "I am being worked to death, night and day, day and night. The work on my desk has been trebled by the United States being at war. The mayor's office is the center of work in this city to co-operate with the government."

"I have always worked for and un-

der that starry flag up there," he declared, dramatically raising his arm above his head and pointed upward. "And I always will, and whoever attempts to recall me at this perilous time, and to put an untired man, a man whose loyalty is unknown, in my place, is a traitor to this country."

"Why, do you know that by the charter, if I was recalled, it would not only recall me, but disfranchise me? And that is what I get for working for the people and for my country?"

J. H. Boyer, an attorney, presided and delivered a brief introductory talk.

"This is the first time in the history of Oakland that the people have a majority in the Council," Davie said in the course of his speech. "Now, just think of it: with all the years that we have lived, with all of the years that the city of Oakland has lived, it was left today for the first time for the people to have control of that legislative department, and since that control went into existence you have not heard of any friction among the commissioners. The only friction and trouble that we have had has come from the outside, from real estate grafters."

# OAKLAND'S CLEARINGS SET RECORD

The past month in Oakland bank clearings has been the largest in the history of the city. This was learned today when figures from the Oakland Clearing House, tabulated by the Chamber of Commerce, showed the October clearings to be \$24,253,481.

The only month to approach this was January of the present year, when the clearings totaled \$23,198,000. The figures are as follows:

Month ending Oct. 31, 1917...\$24,253,481

Corresponding month, 1916...20,231,077

Month ending Sept. 30, 1917...21,338,144

Corresponding month, 1916...19,090,402

## FINLAND MAY ACT

HELSINKI, Thursday, Nov. 1.—There is unrest in political circles in Helsinki, according to a despatch from the Finnish capital, over agitation in the Swedish press of the possibility of the taking by Sweden of the Åland Islands, lest they be captured by Germany. Finnish newspapers declare that in no case will Finland give up the islands, which constitute Finland's chief defense.

## AUTO MEN MEET

WASHINGTON, Nov. 2.—Curtailed in manufacture of pleasure cars and readjustment of the whole automobile industry for war is being planned this afternoon at a meeting of the war industries board with leaders in the motor world. A shortage in certain kinds of steel and coal makes changes necessary, according to official announcement.

## ICE CREAM ON THURSDAY TABOO

Put a ring around Thursday, not alone for next week, but for every Thursday of every week of every month until further notice. Mark it on the calendar so everybody in the house will remember it, for on that day from now on, there will be no ice-cream sold, manufactured, or given away in the bay district.

This decision is the result of a conference in San Francisco between candy and ice-cream manufacturers and retailers and Ralph Moritt, California Food commissioner and representative of Herbert C. Hoover, national food administrator, at which all the ice-cream men agreed to the Federal law. The cause is the cost of the materials, the elimination of the article as more or less of a luxury and the desire of the food administration to conserve certain foodstuffs greatly needed for war purposes.

No more waxy young feminine things perch their ruffles on gilded stools and inhale sundaes, whirly-gigs, jazz specials and tocoloco frappes. These weird concoctions of the mixologist's genius all contain ice-cream and Thursday is the forbidden day.

## BEATEN, ROBBED

J. L. Hersey, a railroad man from Los Angeles, who was in the city on business, was set upon by persons with whom he had been drinking last evening, beaten and robbed of \$55, according to the police, who arrested Frank Hurst and his wife and Randall Hurst, a brother. They are being held pending investigations. Complaints probably will be made.

## Your OVERCOAT Is Ready

YOU CAN'T AFFORD TO PUT OFF ITS SELECTION ANOTHER DAY. IT IS JUST AS WELL TO HAVE A FULL SEASON'S USE OF YOUR COAT.

THIS SEASON WE ARE SHOWING THE LARGEST ASSORTMENT EVER EXHIBITED IN THESE PARTS
